

ARBUCKLE COMING TO S. F. TO CONFER DAILY WITH M'NAB

Comedian, Wife and Mother-in-Law Reserve Rooms Near Scene of "Party."

SAN FRANCISCO, Oct. 17.—Roscoe Arbuckle, his wife, Minta Durfee, and her mother will arrive in San Francisco tomorrow or Wednesday and remain until after the comedian's trial for manslaughter, which begins November 7.

This was made necessary by the desire of Attorney Gavin McNab, chief counsel, to hold daily consultation with the comedian and gather the evidence necessary to a complete defense.

Apartment for the party have been reserved at the Plaza Hotel, just across Union Square from the St. Francis, where the labor day party occurred, culminating in the death of Virginia Rapp.

Arbuckle must answer on Thursday to the charge of violating the prohibition law for the possession of

TWO EXPLORERS BELIEVED DEAD IN YUKON'S ICE

DAWSON, Y. T., Oct. 17.—A. Warburton, a pioneer of the Pelly River district, and Frank Keeley, former Brooklyn, N. Y., newspaper reporter, are believed to have perished while crossing the wilderness between Fort Norman and Rose River. No trace of them has been found. They left for Fort Norman last April, intending to ascend the Gravel river and then strike southeasterly across the Rocky mountains.

The ice in the river was about to break up and friends warned Warburton and Keeley the trip would be hazardous. Keeley was a member of Vilhjalms Stefansson's last Arctic Expedition and later was a member of the Cornell expedition which explored the Mackenzie River Valley.

"BUSINESS QUEEN."

PAIS, Oct. 17.—Following the recent visit of Queen Marie of Roumania to this country, several French financial and commercial leaders have gone to Bucharest to assist in setting up new Roumanian industries.

Liquor said to have been served at the party.

Attorney Milton Cohen of Los Angeles is scheduled to arrive here today.

TRUCKMEN BALK AT EXTENSIONS TO RESTRICTIONS

Will Confer With Supervisors Regarding Rules for Highways.

Truck owners of Alameda county oppose the destruction of state highways through the overloading of trucks, but feel that further restrictions on trucks should be the subject of serious consideration, according to a letter received by the board of supervisors today from E. H. Hart, secretary-manager of the Truckmen's Association of Alameda county.

Truck owners will meet with the board Thursday to discuss a resolution favoring regulation adopted by the supervisors last week.

Hart stated that only 20 per cent of the trucks in the state use the state highways, consequently any legislation tending to alter present conditions would be an injustice to the other 80 per cent, which operate in cities. He suggested that additional motor vehicle inspectors and traffic officers are needed to enforce the present law. Hart stated that the expense of operating the motor vehicle department had increased from \$250,000 to \$1,000,000.

LICENSE FAVORED.

Supervisors on their own initiative are favoring a license for trucks using county roads.

The board adopted a resolution calling on the state highway commission to consider an overhauling of the Southern Pacific tracks at Overacker near Niles. The crossing will cost approximately \$30,000. The county does not have to bear a portion of the cost.

County Surveyor George Posey was instructed to make emergency repairs on the Bay Farm island bridge to serve until a contract for complete reconstruction is let.

LIVERMORE PROTEST.

Four Livermore citizens protested against the erection of a gate on the Arroyo Valle road by J. J. May. The written protest was filed with Supervisor D. J. Murphy. The protesters are: C. F. Acker, C. A. Scott, Mrs. Rose Wallmann and Ben B. Jones.

The following appointments were ratified: Miss Eleanor S. Sharpsteen, 1545 Benton street, Alameda, as nurse at the Alameda public health center; to succeed Miss Ruth Hartzell; Mrs. Carrie J. Hales, as clerk of the Alameda public health center; Mrs. Frances Luna, as attendant at Alvarado branch of the county library during the vacation of Albert Norris; Mrs. Lillian Heffelfinger, temporary attendant at Niles branch of county library; Mrs. Sarah C. Eorland, as social agent during the vacation of Mrs. Emma S. Shertzer.

CONTRACTORS PAID.

The Clunton Construction Company was paid \$67,094 on its contract at the Highland hospital. E. T. Leiter & Company was paid \$6750 on its contract for the new service building and \$6290 on the employees' building at the County Infirmary. Leiter was granted a contract amounting to \$440 for re-papering the nurses' cottage at the Infirmary.

Florence R. Eaton, secretary of the Country Club of Washington township, filed a protest against auto signs in Niles canyon.

Harlan Miller, candidate for

LOST HUNTER'S SKELETON FOUND AFTER 9 YEARS

GUNNISON, Colo., Oct. 17.—The nine-year mystery of the disappearance of Harold Carpenter while on a hunting trip here September 2, 1912, has been cleared up by the finding of a skeleton near the place where Carpenter was said to have disappeared.

Carpenter, a young business man, became separated from a hunting party in the hills near here nine years ago this month. He was never seen again.

Saturday night a party of hunters found the skeleton of a man, beside the bones lay a watch and gun, both identified as belonging to Carpenter. The skeleton was found about a mile from the site of the Carpenter camp.

JIMMY'S FUNERAL; YOUR AID NEEDED

Perhaps you remember little "Jimmy" Anderson.

Perhaps you have passed him on the street and noted his broad grin and his cheery whistle.

Perhaps he delivered your paper to you every night—for he was one of the best liked most popular paper boys in Oakland.

Jimmy was always on time with his papers. Other boys might want him to go swimming or play marbles, but business always came first.

But if you didn't know Jimmy and weren't fortunate enough to have him deliver your TRIBUNE, perhaps you read that tragic story about him in Saturday night's paper.

"It told of how James Anderson, 14-year-old son of Mr. and Mrs. F. M. Anderson of 1460 Fifty-sixth avenue, was accidentally shot and killed Saturday afternoon by a shotgun in the hands of boy companions, at the foot of Sixty-sixth avenue.

But there is something between the lines of that news 'story,' something worth pondering over, something worth knowing, on the account of children—almost—being allowed firearms.

It's hardly possible that the tragedy could have hit the family any harder, but surely it came at an inopportune time and today Jimmy's mother and father are wondering how they're going to pay even for his funeral.

Several neighbors and friends of the family, generous and willing to help, have started up a collection in order that the boy may be buried properly—the way his mother and father wish him to be—but times are pretty hard for them too, and the fund hasn't been much of a success.

Today one of the neighbors asked THE TRIBUNE what to do and THE TRIBUNE asks you. The Anderson family doesn't like to take charity nor does anyone, but what can they do? If you feel that you can do something to help the Andersons and see that their dead son is buried, it will be appreciated.

Their address is 1460 Fifty-sixth avenue.

county surveyor at the last county election, filed an application for an appointment. He is now connected with the State Highway Commission.

Emma A. Shertzer, county social agent, handled 265 cases last month, according to her report filed today.

Following the board meeting, several supervisors accompanied by T. P. Wittschen, deputy district attorney, and County Surveyor George Posey, made an inspection of the Bay Farm island reclamation project. A protest on assessments levied against property owners in the district will be heard by the board Thursday.

Romany Club Will Observe Hallowe'en

A costume party at the home of Miss B. Pilcher, 1018 Oakland avenue, on Saturday night, October 23, will celebrate Hallowe'en for the members of the Romany Club. A "Gypsy Gathering" recently took place at the Pilcher home attended by 30 Romanies and their friends. Miss Genevieve Scoville was a recent hostess to the club.

A benefit for the F. W. C. A. is being planned for the near future. Officers of the club are: President, Miss Annie Hayward; vice-president, Miss Lillian Peterson; guide, Miss Jessie Lamont; treasurer, Miss Anna Hardy; pianist, Miss Fleta Peterson; secretary, Miss B. Pilcher.

Girls and boys interested in hiking may secure information concerning the activities of the club from Miss Pilcher.

CRONKHITE WAS MURDERED, HIS FATHER ASSERTS

SEATTLE, Oct. 17.—Major General Adelbert Cronkhite, father of Major Alex P. Cronkhite, who was slain at Camp Lewis, three years ago, has announced that his son was murdered. His assertion was backed, according to Cronkhite, by a sworn confession, which will be published later.

A nation-wide inquiry was made at the time of the death of Major Cronkhite, which was declared accidental. Two arrests were made shortly after, resulting in acquittal for lack of evidence. General Cronkhite claims that the investigation into his son's death was suppressed.

Worker Injured in Laundry Explosion

SAN FRANCISCO, Oct. 17.—Melvin Fitzsimmon of 2768 Diamond street, was injured in an explosion which shook the plant of the Atlas Laundry, 138 Erie street today, and sent a hail of steel missiles through one of the operating rooms.

The steam wringer operated by machinery, suddenly flew up and bits of metal were showered throughout the place. A number of girls and men were at work, but Fitzsimmon was the only one struck. A fragment of the machine cut a gash in his hip. He was treated at the Central emergency hospital.

Student Union Bids Are Opened At U. C.

BERKELEY, Oct. 17.—Bids for the construction of the proposed new Student Union Building, planned as a memorial for Professor Henry Morse Stephens, were opened this morning by Comptroller Robert Sprout of the university.

Excavation work is being completed for the structure. Work will be started on the building as soon as the successful bid is ratified by the regents.

Irish Sympathizers Hold Demonstration

LONDON, Oct. 17.—There was an Irish demonstration yesterday afternoon in Trafalgar Square, organized by a delegation of workers expelled last year from the Belfast shipyards. None of the Sinn Fein leaders was present.

Next Sunday the Irish of London will hold a demonstration.

Body of California ZR-2 Victim in N. Y.

NEW YORK, Oct. 17.—Mrs. J. L. Julius of Los Angeles, widow of the chief machinist's mate of the ZR-2 killed when the craft was wrecked at Hull, was a passenger on the steamer Caroma, which arrived yesterday from Liverpool and Queenstown. She will take her husband's body to California for burial.

To forget a wrong is the best revenge.

24 PERSONS HURT IN CAIRO RIOTS

CAIRO, Egypt, Oct. 17.—Rioting followed the arrival by steamer Friday of Said Zaglou Pasha, former minister of justice and a Nationalist leader. Twenty-four persons were wounded. Authorities have not permitted Zaglou to land.

Mystery Autoist Injured in Crash

An unidentified man in a large touring car ran into the automobile of John A. Clow, 6122 Shattuck avenue, which was parked in front of his home, and overturned his own machine.

Neighbors found the stranger pinned beneath the machine. He refused Clow's offer to take him to a hospital and evaded telling his name. His face was cut.

When Police Inspector William Brugh checked up the registration number of the machine he discovered that was listed to a different make of machine and the owner resided in Riverside. The machine was towed to the Oakland garage. This case is being investigated.

Opposition to Charter Scheme Growing Fast

Interest in the charter election which is set for November 12 is growing rapidly, according to the statement of Wells Drury, who is acting manager of the Alameda County Anti-Division League. Drury says that reports and inquiries concerning the activities of speakers and clubs are being secured constantly at the headquarters of the league, 1224 Broadway, room 36, where literature concerning the election may be obtained.

"Public opinion has crystallized on the chief issue of the campaign, and that is that the question is one of county division and not of consolidation," said Drury. "And, what is more, there is a great majority in favor of keeping Alameda county in its present strong position as the third richest county in the State and preserving Oakland, the metropolis of this prosperous community."

"During the past two weeks I have been in touch with all parts of the county by personal interviews and through receipt of reports from well-informed citizens."

OPPOSE CHARTER SCHEME.
"In Berkeley the Chamber of

Commerce the other night went unanimously against the charter scheme. The West Berkeley Improvement club, which had been the only Berkeley organization to favor the general proposal, has reversed its position with a reading of the charter, and the Ashby Community club is another of the large organizations there to be placed on record as opposing the charter. There is but one sentiment in Berkeley and the people there resent the attempt to take from them their home rule and their identity. If pressed to the limit, no doubt, the people of Berkeley would set up their own city and county government. An overwhelming majority of the Berkeley Manufacturers' Association, another powerful organization, is against the charter scheme. President Hall Rither and Secretary William C. Jones are among those who are working hard to defeat the plan.

NOT ONE FAVOR IT.
"In Alameda again there is no question. Not one organization in the county has favored the charter scheme, while the chamber of commerce and the city council have each adopted resolutions against it. Alamedans believe absolutely in Alameda, and anything which adversely affects Alameda can't show its head on that side of the estuary without getting hit, and hit hard. My latest figures show that the vote in Alameda will be at least six to one, and that it is possible that the majority will run as high as ten to one."

"Piedmont and Emeryville are justly indignant because of the helpless condition in which they are placed by present election proceedings. They will have no stone thrown to defeat the charter."

"Reports from Hayward, San Leandro, Niles, Pleasanton, Livermore and other places all indicate that there is no chance for the charter in that direction."

"The charter proponents concede that the balance of the county will reject the scheme and that the fight centers in Oakland. While a ninth or two back they were confident that it would be carried in this city, now even the most zealous of the proponents are admitting that the fight in Oakland will be a close one. With the realization that the whole thing is revolving itself into a scheme for a city and county of Oakland alone there is every indication that Oakland will vote 'No' on the first election."

"Mayor Davis, who strongly opposes the charter, has always had a large following in Oakland. Many of the present proponents of the charter scheme have been his chief adversaries in previous fights. In every contest in which he has taken active part he has shown that he has a large following."

REALIZED BY OAKLAND.
"Oakland is realizing that it will lose its identity and self-determination, and Oakland is not taking kindly to the proposed rule of oligarchy which in turn appoints an autocrat. Government, which is twice removed from the people may be said to have the juice of democracy pretty thoroughly squeezed out of it, and that is the kind of government that the citizens of the proposed charter are trying to foist upon this county."

"The apologists for the charter have read the writing on the wall and know there is no chance for it to win. Their forlorn hope is that Oakland may accept it by a slim majority, and if that is brought about they will make another desperate stab to put over the city and county of Oakland. Taxpayers of Oakland who would like to escape the unnecessary expense that would be incurred by holding a second election will vote 'no' at the first election."

"Summarizing, the resolutions adopted by the Berkeley Chamber of Commerce and by every Berkeley organization, the attitude as reflected by the Alameda Chamber of Commerce and city council, and the expressions from hundreds of citizens of this city make it absolutely certain that Berkeley and Alameda will vote against the charter scheme. So also will the other outside cities. The charter proponents admit that the city and county of Oakland in the plan before the voters and Oakland taxpayers, realizing that this is true, will defeat such a scheme at the first election rather than wait for the second."

PRINCESS OF CHINA TAKES LIFE AFTER ROW
PEKING, Oct. 17.—(By the Associated Press).—Princess Ching, brother of the boy emperor, Hsuan-Tung, ousted from the throne February 15, 1917, died October 1, and it is reported she committed suicide by taking opium. The reason is attributed by reports to a quarrel between Princess Ching and the empress dowager, Princess Chun.

It is declared the empress dowager desired that the boy emperor should marry a daughter of the Princess Chun. Another report is that the princess supported the monarch's wish to marry another girl, and it is declared that the quarrel ended with the suicide of the princess. Another report is that the emperor is alleged to have shown no respect for the dowager. This caused her to upbraid the young man's parents, whereupon the mother swallowed opium.

Will Raise Funds To Aid "Oak Leaf"

ATAMEDA, Oct. 17.—To raise funds for the support of the Oak Leaf, Alameda High school publication, a jubilee and concert will be given tomorrow night in the auditorium of the Porter school. While the students will furnish a large part of the evening's entertainment the Western Jubilee Singers will also take part in the program. The Oak Leaf was forced to suspend publication last year on account of the lack of funds.

RHEUMATIC PAIN Rub it right out—Try this!

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop dragging! Rub the mystery right away! Rub soothing, penetrating "St. Jacobs Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism cure which never disappoints and does not blister.

Theater

ORPHEUM

At the Oakland Orpheum comes a new bill that courts its predecessors with a little Blackwell in person, Allen Stanley and Alder and Ross as the featured attractions. Charlie Blackwell, after winning millions of dollars through his work on the screen, is rapidly adding to his list of admirers with his bill, "Eight, Six and Four," written by Mark Swann. Felix Adler and Frances A. Ross present a melange of entertainment, billed as a "Potpourri of Fun," "Things You Like." These entertainers are colorful, musical and versatile with snappy songs, dances, vaudeville and croquet, the "Three Rules," and "W. Lee Galvin," "egg-pert juggler," contribute enough laughs this week to supply two programs.

AMERICAN

It takes a Tom Moore to achieve hilarious comedy out of a very serious proverb. This is demonstrated this week at the American. "Hanging the Grapes" is the new vehicle of the noted comedian. He's a burglar who becomes a doctor. The complications start when he opens a safe only to find it is a motor. "Honesty is the best policy." "Duke Daniels" adds more laughs to the bill in "One Whin Week," a series of up-to-date satiric and adventures, flavored with a popular personality. A star cast helps things along.

John Wherry Lewis and his orchestra, "The Music of the Day" add to the gaiety of affairs.

VETERAN JOURNAL DEAD.
MINNEAPOLIS, Oct. 17.—Charles McDougall, 70, who until a few years ago had been engaged in the newspaper business at Ottumwa and Fairfield, Ia., died here yesterday. A widow and seven children survive.

T. & D.

Equally attractive for what each offers one of the superlatives in the dramatic and the other the heights of comedy, Katherine MacDonald in "Trust Your Wife," and Tom Mix in "After Your Own Heart" make up a splendid program at the T. and D. theater this week.

"Trust Your Wife" is undoubtedly Katherine MacDonald's best vehicle. Tom Mix runs to thrills and laughs in "After Your Own Heart."

A shorter but enjoyable comedy is also offered in "Nothing Like It," which stars Dorothy Devore.

Polman's concert and Wilson's organ recitals add a musical touch to the program that makes it a delightful succession of features.

LOEW'S STATE

Entertaining vaudeville, a thrilling western photodrama and musical renditions by one of the most popular leaders of the bay cities, comprise the attractions on the new bill that opened yesterday at Loew's State theater, to continue for the next two days, making way for another show Wednesday.

Five comedy harmony singers, billed as "Four Kings and Dad," have as their feature, Loretti, the juvenile leader, Harry Patrick and Sam K. Otto, "The Duck Hunters," have a laughable splurge that is jolly throughout. "Cloning their turn," "Got Vamped," Edwards and Kelli gain even favor.

CENTURY

"This and That" opened yesterday at the Century theater, formerly Ye Liberty, and provided a fitting vehicle for the exploitation of the talents of both the principals and the thirty running girls in the Will King musical comedy revue company. The new show is replete with pepful songs, dances and comedy situations. King himself, playing Key Leschinsky, provides much fun, and Will H. Armstrong, the Irish comedian, also shows to advantage. Others who appear are Jackie Bruneau, Will Hayes, Honora Hamilton, Reese Goldner, Dorothy Neville, Bessie Hill and the Golden Gate Four.

COLUMBIA

"Scrappy Married," which opened at the Columbia theater yesterday, proved as popular a musical comedy as has been seen in Oakland for a long time. Combined with "Opened Shutters," the great first-run photoplay, with Edith Roberts, the program was complete with thrills, comedy, good music and excellent dancing.

"Scrappy Married" featured Frank Darlen, Edward Gilbert and Soli Carter. The plot was light and amusing, the acting good and the singing the best that has been heard on an Oakland stage in a long time. The feature nights will be continued.

NEW FRANKLIN

Oakland audiences have been as enthusiastic as those of New York City, Los Angeles and San Francisco in the reception of the greatest of Douglas Fairbanks' pictures, "The Three Musketeers," which is starting an extended run at the New Franklin theater this week. Sword play, adventure and hairbreadth escapes—familiar to millions of readers of the book, provide Fairbanks with a role which radiates pep, excitement and romance, and critics from New York to Los Angeles, including the writers in big magazines, which usually scorn to give "movies" a space, echo the praise of Fairbanks' masterly version of the long-loved story.

PANTAGES

The new bill at Pantages is a pleasant affair, especially appealing to children, with Little Pipifax, the clown, at the beginning, and Baby Dorothy Olive, in "The Little Cafe," in the last act.

Miss Sonia deCalve is the prettiest girl at Pantages this week, and her act is charming. The Three Senators sing their way into popular favor. Illimitable fun is furnished by the Singer Midgets in "The Side Show," a two-act Sunshine comedy.

STRAND

In conjunction with the showing of Toia Negri's latest release, "Gypsy Blood," at the Strand theater, Thirty-

third and Telegraph avenue, today (and tomorrow, Frederick de Bruin, famous San Francisco baritone, will appear in a special musical prologue of operatic numbers.

"Gypsy Blood" is a screen version of Prosper Merimee's original French story of "Carmen," and Pola Negri is seen in the role of the bewitching gypsy girl.

On the same bill, a snappy comedy, "Bang," and a "Prima" Wednesday, for one day only, Lois Weber's production, "Too Wise Wives."

BROADWAY

Bill Hart had man of the screen, two-gun desperado and a picturesque western figure in screen productions, has forsaken that role for the moment. It's in "The Whistle," being

CHIMES

That mother love may triumph, even when science has failed, is the story told in "The Woman in His House," a remarkable photoplay, which will be the main attraction at the Chimes theater today. It deals with the sacrifice and devotion which

ARCADIA

The first of the fall and winter series of dancing tournaments at the Arcadia dancing pavilion will be started within the next two weeks. The opener will be for the fox-trot specialists and will cover a period of five weeks, elimination trials on each Sunday afternoon for

FULTON

The Fulton Players this week have produced something different from any play they have given their patrons this season, a real face comedy. "Three" nets of fun and frolic can be seen in "Mum's the Word" and "The Four Girls."

McNutt & Swift Dissolution Sale

It starts tomorrow, Tuesday, at 7 a. m.

OAKLAND COUNCIL K. OF C. MEMBERS GO TO COMMUNION

Annual Service of Organization Attendance Sets New Record; 700 Present.

The annual communion of Oakland Council No. 751, Knights of Columbus, held at St. Anthony's church on Sunday was attended by the largest gathering of Knights that have ever been present at this affair. The church was made quite to accommodate all who were present.

Mass was celebrated at 8 a. m. by the pastor, Rev. J. Quinn, who was assisted at the reception of holy communion by Rev. A. Heneghan and Rev. J. Keating.

At the conclusion of mass a photograph was taken in front of St. Anthony's church, after which all adjourned to St. Anthony's hall where breakfast was served by the ladies of the parish. Covers were laid for 700 and every seat was occupied. Breakfast speeches were made by the following members:

Treasurer, M. A. McNinis, chairman of committee of arrangements, "Our Order," State Deputy D. Joseph Coyne of Los Angeles, "Our District," District Deputy John M. O'Dea of Alameda council, "Our Council," John J. Cox, grand knight elect of Oakland council, "Welcome," Rev. P. J. Quinn, pastor of St. Anthony's church, "Ours K. of C. Schools," Supreme Representative A. G. Bagley, "Blessings from the South," H. J. Quinn, past grand knight of Oakland council, now of Los Angeles, "The Value of Membership in Our Order," Past Grand Knight William J. Casey, "The Foundation Committee," Past Grand Knight Joseph A. Kennedy.

A resolution presented by David Selby, president of the Hall Association, that a telegram of congratulation be sent to Grand Knight and Mrs. W. J. Kieferdorf, who were married on Saturday, Oct. 15, at Sacramento by Right Reverend Bishop Kearney, was unanimously adopted.

The committee of arrangements having the affair in charge was M. A. McNinis, chairman, J. M. Black, P. J. Brasher, D. J. Ahern and Louis Cahill, and they were materially assisted by John R. Glatton, J. A. Stenger and John P. Lutze.

The choir and musical numbers following the breakfast were in charge of Leo J. Hanly. The following members acted as ushers: J. T. Harrington, P. N. Hanahan, P. Mahoney, J. J. Mulgrew and George Pilsner.

Three Burglaries Reported to Police

Mrs. Al Rodgers, 421 Euclid avenue reported to the police last night that her home was entered by burglars during the day and jewelry valued at \$300 taken. Thieves gained entrance to the house by forcing a rear window.

Clothing and jewelry worth several hundred dollars were reported stolen from the apartment of Mrs. Ida M. Foster, 1644 Telegraph avenue. The apartment was entered by using a passkey.

The dental offices of Dr. Charles Sinai and Dr. W. W. Simon, at 1340 Broadway, were entered by thieves yesterday who climbed through the transom of the front door and forced the inner door. They took dental gold valued at \$100.

King's Daughters to Hold Rally Oct. 21

King's Daughters societies of Northern California will hold their annual convention beginning Friday, October 21, at 10 a. m. in the Twenty-third Avenue Baptist church, Mrs. J. W. Lawrence will be the principal speaker of the day. Mrs. Andrew M. Alken, president, will preside. Women of the church will serve luncheon at noon.

What Do You Know About Diamonds?

When buying diamonds the purchaser leaves much to the store where the purchase is made.

For example—diamonds are bought by karat weight, a unit with which the layman is little familiar; diamonds are of different colors, blue, white or yellow tinged, variations that mean a great difference in value of diamonds of the same size; diamonds are cut in many different shapes and styles and many are imperfectly cut.

It is important, therefore, to choose carefully when selecting the shop from which to buy diamonds. Choose one with a reputation for selling only perfect, full-weight, blue-white diamonds. Ours is such a store.

BODY NEAR CAMP PUZZLES POLICE

SAN FRANCISCO, Oct. 17.—The authorities are today investigating the circumstances surrounding the finding yesterday of the body of an unidentified man with a bullet wound in his temple on the Spring Valley property near Camp Funston. The body was found by Sergeant Stanley Peurpel, 18th company, Camp Funston. Police believe that the body had been there for several days.

A revolver was found near the body and a leather belt was hanging from a limb of a tree nearby. The body was clothed in a checkered suit, brown shoes and a gray cap. It was about 5 feet 7 inches in height and weighed about 180 pounds. A gold watch, chain and cuff links and \$3.40 in cash were the only articles of value found on the body.

Mrs. Richard Gentry, who held the office of postmistress at Columbia, Mass., under nine presidents, was the first woman postmistress in the United States.

ACTIVITIES OF WOMEN

Clubhouse Is To Be Made Garden Scene

By EDNA B. KINARD.

Twentieth Century club house will present a garden scene on Tuesday, when members assemble at the October luncheon in the Derby street building. The program will carry out the symbolic idea, prominent clubwomen discussing the insects found within their flower beds as follows: Mrs. Thomas C. McGee, bees; Mrs. Frank M. Harris, ants; Mrs. Frederick C. Athearn, grasshoppers; Miss Jean Campbell Macmillan, butterflies.

The club choral will provide the music for the day.

Mrs. Walter Gompertz is chairman of program, which has been arranged by members who entered in the year 1907.

"The Mothers," a publication of second district, California Congress of Mothers, will make its debut within a few days. All members of all local clubs are upon its circulation list in an effort to bring the mothers into close cooperation throughout the entire section. Space is given to national, state, district, federation and local work, together with messages from officers and department chairmen.

Mrs. W. H. Marston, president of second district, has been making an official tour of Sonoma county. Sebastopol, P. J. Marston, president of the association in Santa Rosa held a joint meeting Tuesday night, when the Berkeley leader spoke on Child Welfare in California. A special meeting and reception was held by Healdsburg mothers on Wednesday. Mrs. Marston spent Thursday in the vicinity of Santa Rosa.

"Get Well, Keep Well, Look Well" is the subject which Miss Jennie Miller will discuss tomorrow night before the National League of Women's Service in their club quarters, 333 Kearny street, San Francisco. "Woman's Responsibility in the Moving Picture Industry" will be outlined by Clarence Geldert. Music will be contributed by Leon Rice.

Prescott School Parent-Teacher Association is making plans to see for the children in the school who are not properly clad. A social meeting was held on Thursday, a musical program given by students preceding tea in the cafeteria. Mrs. Lada Riggins is president of the association.

L. A. Physician, State Officer, Drops Dead
SACRAMENTO, Oct. 17.—Dr. Alfred J. Scott of Los Angeles, 53 years old, member of the state board of medical examiners, dropped dead in Capitol park here yesterday. He had been a member of the board of medical examiners for two years, receiving the appointment from Governor Stephens.

MISS VIRGINIA WILES, who will give a reading of Barrie's "Quality Street" at the Hotel Claremont Tuesday evening.

Grapes Grown One Block From Bay

Proof that grapes can be raised near salt water, contrary to statements made by agriculturists, has been produced by Mrs. M. Breitweiser, 1138 Regent street, one block from the bay. Today she harvested three 50-pound boxes of extra-class Alameda grapes. Only six vines were cultivated by Mrs. Breitweiser.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as Red Pepper Rub. Instant relief just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.—Advertisement.

Mrs. Richard Cook Is Bride In Sacramento

Mr. and Mrs. Hugh Hogan of Jackson street today announced the marriage of their daughter, Mrs. John Richard Cook, and William John Kieferdorf. The ceremony took place Saturday morning in the cathedral at Sacramento, where a nuptial mass was celebrated by Right Reverend P. J. Keane, bishop coadjutor of the Sacramento diocese, who read the ritual wearing the full canonical robes. White chrysanthemums and ferns were used in the decoration of the white marble altars with their lighted candelabra.

Miss Lena Kieferdorf served as maid of honor for the bride and Frank Barriat was best man.

In the wedding party were Mr. and Mrs. Hugh Hogan, Mrs. Kieferdorf and Miss Babette Kieferdorf, who motored up from this city.

Mr. and Mrs. Kieferdorf motored south on their honeymoon, and will be home to their friends after November 1 at 394 Knoll avenue.

Among Americans returning home was Miss F. M. Wilson of Santa Rosa, who arrived at New York on Monday last on the White Star liner Celtic from Liverpool.

WILL ENTERTAIN FOR HER COUSIN.

Another lovely affair in honor of Miss Catherine Cox is to be given by Mrs. Ralph E. Merritt at her home near Livermore. She has asked twelve of the younger girls to motor down for luncheon and bridge. Mrs. Merritt is close to home next month and will visit friends in Oakland while Mr. Merritt is East on business. The first week in November the young matron will entertain at the Hotel Oakland in honor of her cousin, Miss Marion Wier, whose engagement to Louis Valle of Denver recently was announced.

Miss Matilda Bryn, president of the Ladies' Relief Society, will entertain Wednesday, October 26 from 2 to 6 o'clock, at the Children's home, 365 Forty-fifth street, at a public reception.

The "Camp Dance" of the Raymond Arthur Perrys at their home in Chabot road on Saturday night, honoring the Ray Simonds, who sailed for the present today, assembled all the guests who had some time or other been visitors at the Perry place, near Truckee. And accepting the mandates of the host, the guests appeared in their mountain clothes, many of the ladies far appearing in the main breeches, some long, some short.

A revival of the sports "on the river" made the basis of the diversions between dances, and on the porch, screened and snug from the fire, and the ale of the summer was recounted.

The dance, primarily arranged for the travelers who set out yesterday for a world tour, served as a farewell to a man, at least, of the host, who leaves today for the East. Mrs. Perris goes to Savannah and through the South on his way to his New York office. But Christmas will see him home again to celebrate the holidays with his family.

Today a crowd of friends assembled at the Brannan street pier to bid the Simonds adieu.

Captain and Mrs. Frank Ocken were hosts at dinner on Friday evening, preceding the dance at the post, held in the Officers' club at the head of the parade grounds.

The guests included friends from this side, Dr. and Mrs. Frank Makinson, among them.

BRIDGE TO BE GIVEN AT HOME.

At her home on Vernon street, Mrs. Charles Arthur Broadwater was hostess at a bridge tea Friday afternoon, autumn flowers and leaves decorating the house. Mrs. Broadwater was assisted by her daughter, Mrs. C. C. Broadwater, and by Mesdames Samuel Brock, Clarence Shurey, Everett Brown, James Hunt and Reginald Foster. After the bridge, tea was served an additional number of guests coming in after the game.

Mrs. Sydney Granville Gardner has just returned to this city after a three months' trip to Europe, where her headquarters were in Paris and London. Mrs. Gardner is now at her apartment at the Vendome in Jackson street.

Mrs. Olive Reed Cushman gave a studio tea this afternoon in San Francisco in honor of Miss Lucile Jouliffe, who will leave soon to spend the winter in New York. One hundred and fifty guests were present. Among the artists to assist were Mrs. Charles Brown, Miss Virginia Goodell, Mrs. Asa Henion, Mrs. Ise Bachrach, Mrs. Fred Tan, Miss Dorothy Pitts, Mrs. Meta Rose Becker.

Assisting in receiving were Mrs. Walter Scott Gannon, Mrs. John Simley and Miss Nichol.

TEA FOR CHARITY NEXT THURSDAY.

Thursday afternoon, October 20, between the hours of 2 and 3 o'clock, Mrs. Joseph Kennedy will be hostess at a tea at her home in Valle Vista avenue for the benefit of the Vincentian Relief society of St. Francis de Sales church.

Each guest has been requested to bring her offering of a silver dollar to help the charity solve some of its winter problems.

Many years ago the society was organized by Mother McConvery and numbered among its charter members Mrs. Thomas Driscoll, Mrs. Henry Butters, Mrs. Henry Matthews, Mrs. Nell Gallagher, Mrs. Augustus Bray, Miss Claire and the Misses Dunn.

The society has always worked in harmony with the Associated Charities.

Mrs. Kennedy will be assisted in receiving by a bevy of the young matrons of the Vincentian society.

ENGINEER SUFFERS.
MINNEAPOLIS, Oct. 17.—F. W. Cappelien, 53, for many years city engineer for Minneapolis, and well known in engineering circles of the country, died yesterday following an operation for appendicitis.

FINE HORSES AT LIVESTOCK SHOW

Many notable horses are to be shown by California owners at the horse show to be held at Twelfth and Market streets, San Francisco, in conjunction with the livestock show, which begins next Saturday and extends to Sunday, October 30. The horse show will be held nightly beginning Monday, October 24, and ending Saturday night, October 29.

One of the biggest features of interest for the livestock show will be the participation by school students, children of the sixth, seventh and eighth grades being taken to the show on Monday, Tuesday and Wednesday mornings, October 24, 25 and 26. An essay contest will be established with a Pinto pony, the donation of Charles S. Howard, for the best essay on the livestock show. Among the notable entries for the horse show are:

H. C. Ahlers, San Francisco; Bruce McDonald, winner at recent state fair in three classes.

Mrs. Charlotte B. Anderson, Pleasanton, Cal., The Noblemen, in five guinea classes, magnificent saddle stallion fresh from eastern victories and undefeated on the coast.

P. F. Davies, Oakland, Cal., Reserve Officer, a beautiful gray saddle horse, Del Rosa, Tennis Brae and the popular local favorite, Edith Adams.

Cedric S. Caldwell, San Francisco, King of Air, winner at state fair.

Dr. Cecil Corvin, Hayward, the pacing stallion Ted Sidney, the trotter Tom Baster and the stock horse Teddy C.

Colonel Kenyon Joyce, San Francisco, Bugs and King Pat, well-known winners.

Katherine Kuhn, Burlingame, Oh. Boy, three-gaited saddle horse.

George A. Merchant park police, Jude.

Walter Palmer, San Jose, two beautiful Kentucky bred geldings, Sun Flash, in three-gaited classes, and Easter Star in five-gaited events.

E. C. Perry, San Francisco, Bradmont, the pacing idol of the stadium.

Mrs. W. P. Roth, San Francisco, a possible collection of celebrated winners, including Marvis, Celia L, Black Star and Beau Brummel.

Walter Spier Jr., Edmonton (Albany), a beautiful gray gelding, Playmate, Playfair and Domino, well-known winners from Canada.

W. S. Tevis Jr., San Francisco, a splendid collection of polo ponies.

Auto Man Sued For Price of Gift to Woman

SAN FRANCISCO, Oct. 17.—A \$1200 silver service set figured in a suit filed today by Fred Morton against George Peak, head of the Pioneer Auto Company, Geary street and Van Ness avenue, in which it was stated that Peak had not paid the bill for the silver set after Mrs. Morton, who was then in his employ, picked it out as a wedding present for herself. Mrs. Morton was formerly Helen K. Williams. She is a sister of John T. Williams, United States district attorney, and once ran for lieutenant governor.

It is said to have been the custom in the Peak firm for an employee, on getting married, to pick out a wedding present, which Peak paid for. Mrs. Williams picked out a \$2400 silver service. It is stated Peak claims that ordinarily the employees never picked out a present costing more than \$100.

The suit was instituted to force Peak to pay the bill and to pay an additional \$1200, which, according to Morton, Peak owes him.

A writ of attachment which was made against Peak was dissolved today by Superior Judge Morgan.

New Motor Firm to Be Feted at Lunch

Welcoming the Durant Motors Corporation, Oakland's civic organizations will conduct a basket luncheon with a special program of entertainment Wednesday noon at Lakeside Park. The luncheon will be held under the auspices of the Oakland Lions club.

The program will feature a dance by Truchon & Marco, who have just arrived in San Francisco from New York, and an address by Mayor John L. Davis. During the luncheon Mayor Reed Chambers, former ace, and Captain George "Clark" Clark of the Durant Aviation Corporation, will fly over the park in two captured German Fokkers and shower the guests with flowers. Music will be furnished by the Oakland Technical high school band under the direction of George Warnock.

All civic clubs of Oakland have been invited to participate in the luncheon, when an official welcome will be extended to the Durant Motors Company.

Berkeley Educator Address Women

H. B. Wilson, superintendent of schools in Berkeley, will be the speaker today before the Soroptimist Club, meeting at luncheon at Hotel Oakland. "The Responsibility of the Schools" was his subject. Miss Violet Richardson, president, presided.

Group captains of the club have been appointed as follows: Myrtle F. Lee, Sarah G. Hammond, Louise M. Glazier, Lillian Brownbridge, Isabel C. Jenkins, Minnette A. Perkins, Mary Hughes Patterson, Gussie Meyer.

More than eighty women engaged in the professions and business in the Eastbay cities are charter members of this organization, which is the first feminine group to approach in scope and purpose such clubs as the Rotary. Luncheons are held every Monday at Hotel Oakland.

OAKLAND BOY HURT.
STOCKTON, Oct. 17.—Jama Rodgers, 15, living at 2745 East Tenth street, East Oakland, is in the county hospital suffering from a fracture of the right knee, sustained while beating his way on a freight train at Tracy. A sudden lurch threw the lad from the train. He was given first aid treatment at Tracy and removed to the hospital.

Beaumont's Best Sport Story To Appear in Tribune Sunday

GERALD BEAUMONT, whose strongest piece of short fiction is to appear in The TRIBUNE next Sunday

"133 at 3," Finest Effort of Remarkable Series by Ex-Sporting Editor, to Be Offered

The world of fiction has opened its arms to Gerald Beaumont, former sporting editor of The Oakland Tribune. Confronting him, Karl Edwin Harriman, editor of the Red Book Magazine, says: "This is the man whose remarkable sporting stories have attracted so much attention on the part of sport-fans and general readers alike. Whether the sport is baseball, prize-fighting, horse-racing or football, here is the one writer in America today who has been acclaimed by experts to be the best."

Judge him for yourself in the thrilling story "133 at 3," which will appear next Sunday. You'll never forget that title, or the theme that it portrays.

Gales and Rainfall Predicted for Coast

Forty-eight to 65-mile gales for Washington and Oregon, with rain for British Columbia boundary, to the Tehachapi tonight or tomorrow, excepting the San Joaquin Valley, is the prediction of the United States Weather Bureau today. Referring to the gales along the northwestern coast, the bureau statement says: "Southwestern storm warnings were ordered at 7:30 o'clock this morning for all Washington and Oregon stations. Storm moving rapidly southeast from North Pacific. Strong to whole southerly gale today and tonight."

Y. M. I. OFFICERS TO BE HONORED

ALAMEDA, Oct. 17.—A reception in honor of the grand officers and the past grand officers of the Young Men's Institute will be held Tuesday evening, October 25, at Institute Hall by the Catholic men of the Encinal city. Elaborate preparations are being made by California Council No. 24 of the Institute for the reception, and it promises to be one of the most noteworthy gatherings of Catholic men ever held in Alameda, according to officials of the Alameda council.

A large delegation from the various Eastbay cities will attend the affair while from San Francisco, Stockton and Sacramento is reported a delegation which will act as an escort to the grand officers.

The following grand officers and past grand officers will attend the reception: Grand chaplain, Rev. P. J. O'Connell, Oakland; grand president, John J. Heffernan, Stockton; grand secretary, George J. Stanley, San Francisco; grand inside secretary, M. L. Gomez, Oakland; grand directors, George W. Patterson, San Francisco; J. W. Henderson, San Jose, and Ralph E. Kasper, Oakland. Two past grand presidents, James E. Scott of San Jose, and William Hennessey, of Oakland, will also attend.

"Did you ever see a movie star without some kind of silly affectation?" "Only one." "Man, woman, or child?" "Neither. Dog."

ANOTHER WOMAN ESCAPES

Mrs. McCumber Avoided a Serious
Operation by Taking Lydia E.
Pinkham's Vegetable Compound

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was allumped over, holding myself with my hands. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother-in-law told me of taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me."—Mrs. MARGARET MCCUMBER, 27 S. Frazier St., Georgetown, Illinois.

Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep their daily tasks, while suffering from ailments peculiar to women, such as, headaches, dizziness, bearing-down pains and nervousness, and every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial.

The safe way to wash fine fabrics

Tests made by leading makers
of delicate fabrics

WITH the greatly increased use of sheer fabrics and very delicate colors in the last few years, the manufacturers of silk materials and garments have met a serious problem in the way women laundered them.

Incorrect washing methods and the use of wrong soap products have ruined numberless garments, and brought the manufacturers many complaints.

Leading manufacturers of fine silks, woolsens, and sheer fabrics, have recently made careful investigation of the laundering of their special products.

As a result of these investigations they unqualifiedly recommend Lux.

Some of the famous manufacturers who urge you
to wash all fine things in Lux

Why Do You Coddle Corns?

Simple Touch Can End Them and at Once

WHY pare a corn and keep it? Why pad it and let it remain? Or why treat it in old ways, harsh, crude and uncertain? Millions have found a new way. It is Blue-jay—the plaster or the liquid. A touch applies it, and the pain stops instantly. Then the whole corn quickly loosens and comes out. The way is gentle, scientific, sure. A famous expert, a world-famed surgical dressing house produces it. It is freeing thousands of people—why not you? Try it on one corn and you will always let it end yours. Start tonight. Your druggist has

LESS THAN \$7000 NEEDED TO REACH BOY SCOUTS' GOAL

Drive for \$25,000 Continues; 100 Per Cent Record Made by Chinese.

The Boy Scout drive for funds was renewed this morning with increased vigor with the intention of going over the top by tomorrow noon.

Less than \$7000 was needed at the last report to reach the goal of \$25,000, and it is believed that most of this has been subscribed since the luncheon of last Friday, when the grand total of \$18,000 was reported. The workers will gather at Hotel Oakland tomorrow noon for what is believed will be the final luncheon of the campaign. At this time all teams will make their final reports on subscriptions.

In the Chinese quarter today the drive was under way, both grownups and the Chinese Boy Scouts carrying on the work. The Chinese committee, headed by Ng Poon Chee, collected nearly \$1000 last week, making 24 calls and obtaining 24 subscriptions. This is the first time during the campaign that a record of 100 per cent had been made by any team on their calls. The Chinese Boy Scout troop today took an active part in the campaign, accompanying the committee in uniform, and putting on demonstrations.

Word that Scout Henry Lyon of Troop 11, Oakland council, is to be rewarded for saving a human life was given out by E. J. Bonnie, scout executive. Lyon, who is aiding in the Scout drive, saved a boy from drowning in Lake Merritt, but did not think the incident important enough to be reported. The local council, hearing of it, has sent a report to national headquarters recommending that the lad be given a medal for life for life-saving.

Along with many other Boy Scouts, young Lyon is assisting in the present drive for funds. He is the son of H. L. Lyon, a civil engineer, and lives at 542 Twenty-first street.

Reception Planned At Children's Home

A reception at the Children's Home of the Ladies' Relief Society, 355 Forty-fifth street, is announced by the president, Miss Matilda Brown, and members of the board of directors for Wednesday, October 20, from 2 to 6 p. m. Several hundred cards have gone out for the function. Guests will be conducted throughout the institution, which is acting as foster parent to several score boys and girls.

Lad of Thirteen To Serve Thirteen Years

LITTLE ROCK, Ark., Oct. 17.—Arkansas' youngest murderer has entered the "city of silent men." The superlative of "thirteen" is upheld. Robert Lee, 13, negro, convicted of slaying his grandfather, Hope George, will reside for thirteen years behind the grim walls of the state prison here.

NEWARK FARM

NEWARK, Oct. 15.—For the balance of the year the Newark Farm Coter will meet on Thursday of each week and for each meeting a subject of interest to the local ranchers has been selected as a topic of study and discussion. Next Thursday the topic will be of interest to the women of the center, it relating to the care and use of the fireless cooking equipment. An expert will be present at the meeting to instruct those attending in the art of using the fireless cookers.

COOKS BLEEP HIS NAME.
POPULAR BLUFF, Mo., Oct. 17.—The most freakish "doctor's sign" in the world attests the health of this community. Hanging over the sidewalk is the "shingle" of Dr. J. L. Harwell, spelled out with corks from medicine bottles. Old surgical instruments and bottles decorate the top of the queerest sign.

UNDER-WATER ACT FATAL.
LONDON, Oct. 17.—The death of Ruth Blithington, who collapsed after playing cards and performing other feats under water in a tank on a theater stage, is attributed by physicians to heart disease, superinduced by holding her breath too long.

Japanese Officers In Hawaii Promoted

HONOLULU, T. H., Oct. 17.—Two secretaries at the Japanese consulate-general here have been promoted to vice-consuls and assigned to posts at Seattle, Washington and Ontung, China. It was announced in a cablegram received recently by C. Yada, consul-general, from the Japanese foreign office.

Kioto Kumasawa is ordered to Seattle and Seijiro Takiyama to Ontung.

signed to posts at Seattle, Washington and Ontung, China. It was announced in a cablegram received recently by C. Yada, consul-general, from the Japanese foreign office. Kioto Kumasawa is ordered to Seattle and Seijiro Takiyama to Ontung.

WINE CELLARS COLLAPSE.
PARIS, Oct. 17.—Twelve buildings were ruined at Chignon during August by landslides due to the collapse of wine cellars dug by the residents and merchants. The town is built on limestone, which has been honeycombed by cellars and tunnels.

SEEKS HUSBAND'S SEAT.
LONDON, Oct. 17.—Popular enthusiasm was created in the south division of Lincolnshire by the announcement that Mrs. T. Wintringham, widow of the late member of Parliament for that division, would contest for his seat.

GIRL'S TRAGIC RIDE.
LONDON, Oct. 17.—Miss Minnie Dowsett rode for half an hour clinging to the legs of James Kiddell, who had fallen head first from the train window. At the first stop Kiddell's head struck the platform and he was killed.

FAMOUS COW SOLD.
LONDON, Oct. 17.—The cow Hedges Moss Rose, which produced 4,500 gallons of milk in two successive years, has been sold, with six of her daughters, to a stock breeder of Wrexham. The reported sale price was \$19,000.

Strike Leaders of Brotherhoods Mass Forces for Finish Fight

VETERANS TO FLY TO CONCLAVE IF TRAINS TIE UP

Legion Leaders Plan Use of 1000 Planes for Kansas City Convention.

KANSAS CITY, Oct. 17.—That the American Legion will hold its national convention October 31 to November 3, regardless of whether or not the threatened nation-wide railroad strike materializes, was indicated in an announcement here last night by the aviation committee of the Legion.

There now are fourteen hundred passenger airplanes in operation throughout the United States, at least a thousand of which can be used for transport guests, officials and delegates to this city, it was announced.

If the strike develops airplanes are available to carry 1000 delegates and distinguished guests and delegates to the convention here, according to telegrams forwarded by the aviation committee to the national committee last night at Indianapolis.

Kansas City, it was pointed out, is prepared to receive 1000 delegates and visitors to the convention on the day the strike is scheduled to begin. Many large passenger planes from various cities already are en route to this city, and a number of which are scheduled to participate in the Legion's aerial derby to be held in connection with the convention.

Rail Chief Balks At Board's Proposal

SEATTLE, Wash., Oct. 17.—H. E. Byram, president of the Chicago, Milwaukee & St. Paul railroad, when informed last night by the Associated Press of the proposal by the public group of the Railroad Labor Board that reductions authorized last July in wages of railroad employees be immediately translated into reduced freight rates as a possible means of averting the threatened strike of railway employees, said:

"Extraordinary measures for economy in operation adopted by the railroads, together with greatly increased efficiency in recent months on the part of employees, have failed to produce net returns to the railroads, which the decrease in wages July 1, which is necessary to justify a general reduction in freight rates. It does not seem possible to take such action until some method of reducing the high cost of railroad operation has been devised."

N. Y. Will Mobilize 57,000 Motor Trucks

NEW YORK, Oct. 17.—A fleet of 57,000 motor trucks, or as many of them as are found necessary, will be mobilized in the event of a protracted general railroad strike to bring New York its daily quota of 1500 cartons of foodstuffs, it was announced by Commissioner Copeland today.

Public Will Be Hard Hit When Railway War Opens

CHICAGO, Oct. 17.—The general public will be hard hit when the fight between railroad employees and executives gets under way. This is how dealers in household necessities will be hit by the strike.

The coal bin of the public and big industries is practically empty. The impending railroad strike will cause the same fuel shortage as did the coal strike of 1919.

The public, according to P. C. Honnald, secretary of the Illinois Coal Operator's Association, buys its winter coal the latter part of October and November. Honnald said the big industries have a very meager supply on hand.

Grain—The railroad strike will prostrate the grain business of the country and tie up the export trade, according to Joseph P. Griffin, president of the Chicago Board of Trade.

Although the crop movement of the small grains, such as wheat, oats, and barley, from the farm to the elevators has been completed, the strike will cripple movements from the large sources of supply to the ultimate consumer.

COAL GROUP NOT MOVED.

None of the coal crop has been moved, according to Griffin, and complete demoralization of the marketing of this important crop looms.

Chicago stockyards—The great Chicago stockyards will become idle soon after the strike is called, which means that the million-dollar-a-day business in livestock will be at a standstill.

With even a partial tieup, according to officials, there can be but little movement of livestock to the yards, and, of course, little movement of dressed meats to feed the nation.

J. R. Howard, president of the American Farm Bureau Federation, stated today that as far as the farmers are concerned, a better time could not have been picked for a railroad strike.

"The movement of practically all the cattle is completed," he said. "Not many hogs have been moved, but, with the present low price of corn, it doesn't make any difference to the farmer whether he sells it or feeds it to his hogs."

TIRED NOVEMBER 3.

According to present plans of the Brotherhoods, the immediate tieup in transportation will not come until November 3. Changing their original plan, leaders will call out the first group of railroad strikers on October 30. The other three groups will be called out in intervals of 48 hours each. The fact that the Pennsylvania, which was in the first strike, has been the greatest loss group, was explained today by one union official. He pointed out that the switch of the Brotherhoods was done at the request of the railway general body, which is the American Federation of Labor, who does not plan to issue its call until after Thursday, the date the Pennsylvania is slated to strike. He said that the Brotherhoods have not violated rulings of the board.

The shop crafts prefer to wait until after the hearing before striking and the Brotherhoods are not expected to work out, as the workers are principally alien and not members of the Brotherhood of Maintenance of Way employees.

LEASING WIRE TO TRIBUNE

CHICAGO, Oct. 17.—The Southern Pacific, the Chicago and North Western, the Missouri Pacific and the Illinois Central, which are the four principal railroads in the Chicago area, are expected to be the first to strike. The Southern Pacific is expected to be the first to strike, followed by the Chicago and North Western, the Missouri Pacific and the Illinois Central.

Several changes were made in the original group and there may be further reductions before October 30, it was stated.

2000 PLANES TO FEED NEW YORK

NEW YORK, Oct. 17.—Plans for aerial transportation of food to New York city in event the threatened railroad strike materializes, have been completed by the Aero Club of America, it became known today. More than 2000 planes are available throughout the country to supply food to the larger cities, it was stated. Railroad officials here believe the strike could not now be averted. They declared there was nothing to arbitrate between the roads and the men.

Dr. Royal S. Copeland, health commissioner, announced completion of plans for seizure by the city of all foodstuffs here if he feels such action necessary. Distribution of food will be carried on under municipal supervision. Copeland appealed to the public not to hoard food before or during the threatened crisis.

Copeland declared there is sufficient food within the city to last three weeks. The chief shortage, he said, would be in fresh fruit and vegetables.

The commissioner expressed some concern regarding a possible coal shortage and advised factories and homes to lay in a supply immediately.

Erie Opens Way for Immediate Strike

By JAMES KILGALLAN, International News Service Staff Correspondent.

CHICAGO, Oct. 17.—The Erie railroad today opened the way for an immediate strike of its employees by slashing wages in defiance of the United States railway labor board. The wage order cut maintenance of way laborers from 87 1/2 to 80 cents.

As soon as the Erie order was issued the maintenance of way Brotherhood called a meeting of its officers for Wednesday morning at which time, it was stated, a call to strike at once might be made.

A recent vote taken by mail, showed that the maintenance of way laborers were 98 per cent in favor of a strike.

San Jose Rail Men Favor Strike

SAN JOSE, Oct. 17.—Railroad employees of this city, 94 per cent strong, favor the national strike of their fellow-employees, according to statements issued here today by J. W. Lewis, freight agent. The number includes trainmen, engine-men, baggage-men, clerks, repair shop employees and all others with the exception of office employees.

The 94 per cent have already signed up in favor of the strike and will leave their work promptly at the call of their leaders, Lewis said. The remaining 6 per cent are expected to affiliate themselves with the strike movement before October 30, it was declared today by the protesters.

Lewis declared that so far the local men have received no formal notification of a general strike order, and he added that he did not believe the strike would affect the Pacific coast for some time after it is called in the East. He feels that the intervention of President Harding will successfully check the strike movement.

Rail Men Ask Pledge Against Wage Cut

By INTERNATIONAL NEWS SERVICE

LEASING WIRE TO TRIBUNE

CHICAGO, Oct. 17.—Assurances from "one big man in the government" that there will be no further wage reductions for one year would avert a nation-wide railroad strike, it was declared today before his departure for his headquarters in New York.

A CLEAR COMPLEXION

Ruddy Checks—Sparkling Eyes—Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and blood troubles. During these years he gave to his patients these years ago a few well-known vegetable ingredients mixed with olive oil, namely, Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow jaundice, constipated bowels, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets every day and you will see the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.—Advertisement.

S. P. IS PLACED IN FIRST GROUP TO BE HIT BY STRIKE

Northern Pacific and Middle West Trunk Lines Are Also Marked for Tieup.

LOS ANGELES, Oct. 17.—More than 13,000 railroad men in Southern California will be called out at the threatened railroad strike tomorrow, local officials of the unions estimated here today.

The Southern Pacific will be the heaviest hit. It has 7000 employees in this section of the state. The Santa Fe has 4000 and the Salt Lake route, U. S. Pacific, 2200.

San Bernardino will be seriously affected if a strike develops, as almost 2500 men are on the Santa Fe payroll in that city.

A majority of the maintenance of way men, on the three principal railroads here, are not expected to work out, as the workers are principally alien and not members of the Brotherhood of Maintenance of Way employees.

Sproule Silent on Labor Board Plan

PORTLAND, Ore., Oct. 17.—When informed last night of the suggestion of the public group of the railroad labor board that the reduction of last July in wages of railroad employees be translated at once into reduced freight rates as a means of averting a strike, William Sproule, president of the Southern Pacific Company, who is here, declined to comment thereon.

"I have already been said," he declared. "On the situation in its more general phases Sproule was more communicative."

The railroad labor board has upon its membership three men who represent the public and the government, he said. "That board cannot handle the railroad strike. It is a strike, then the railroad employees will be fighting the public. I cannot conceive of such a strike obtaining the spirit of the public."

Asked what the course of his company would be in the event of a strike, Sproule said: "We never fight rumors. When there actually is a strike then we will make our declaration of what we shall do."

Government Plans To Man Trains If Rail Men Walk Out

(Continued from page 1)

first to vote to strike and have been hanging back for support from the other parts of the country. This State produces sufficient variety of food and materials to withstand a long siege if necessary.

MOVING BACK.

"Already large quantities of fruit are moving to the Atlantic seaboard by water. A railroad strike would not cut off that channel.

"Then, too, the country has seasons which would be much more important. The perishable crops largely will have been moved by the first of November. The further movement of goods would be hindered, but it would not stop altogether.

"The situation would be quite different and much more desperate in the case of the interior states, Nevada, Colorado, Idaho, Utah, Arizona, and New Mexico, as far as the West is concerned, would bear the brunt of such a strike as has been suggested.

"The result of tying up the railroads of the country, even for a short period of time, would be so deplorable that it should not happen."

Other officials, however, pointed out that the strike would have no effect to strike and the only thing he could do would be to concur.

It. P. Daugherty, vice-chief of the Brotherhood of Locomotive Engineers, declared that he had no intention of leaving his home office. Daugherty is in charge of the strike headquarters in the Consumers' bureau.

No inkling of defense plans of railroad executives was forthcoming. However, one executive of a large line indicated it would be an easy matter to cut in on the strike. A quarter of a million jobless railroaders in the country.

State to Take Hand if Rail Men Quit

SAN FRANCISCO, Oct. 17.—"The state railroad commission feels that it is its duty to take every means at hand to provide the people with as complete a substitute for rail transportation as possible in the event of a general rail strike," Harley W. Brundage, president of the commission announced here today.

In general, California is very favorably situated, he said. "About 70 per cent of all less-than-carload lots of freight within 100 miles of San Francisco and Los Angeles and other of the large cities from here is now handled by automobile trucks and on a 50-mile basis the percentage handled by trucks is considerably higher. So far as the transportation of foodstuffs for the inhabitants of the cities is concerned there will be no delay.

"These truck lines also would be able to handle large quantities of merchandise not produced in the state, but reaching here through the various ports.

"Two rather serious situations would arise in the event of a general tieup. The distribution to the interior of crude oil for gas making and heating purposes and the distribution of gasoline for motors, truck farming, irrigation and other purposes would be hampered somewhat, but also the motor truck would be valuable."

In anticipation of the threatened railroad strike on October 30, California fruit men started rushing their last shipments east this week, it was declared today by one of the growers here who have the crops well out of the way. The orange men, the vegetable growers, the olive men and the Thanksgiving shipment of produce will all be affected by the impending tieup.

Rail Men Ask Pledge Against Wage Cut

Governor Declines To Discuss Strike

SACRAMENTO, Oct. 17.—Asked if the governor's office had any comment to make on steps to be taken in event of a railroad strike, Martin Madden, the governor's secretary, said: "None whatever."

HEADS OF THIRTY SHORT LINES WILL HOLD CONFERENCE

California Prepared to Move Foodstuffs in the Event of General Strike.

SAN FRANCISCO, Oct. 17.—Railway workers in the West were declared today to be prepared to strike the moment word came to them from national headquarters.

"An order which would keep the men from becoming restless and going out before the strike order is effective," declared Charles Nicholson, one of the spokesmen for railway employees.

Leaders professed to believe that the strike order would be placed in effect on one of the Eastern systems—probably the Pennsylvania—before it goes into effect in the West.

On the other hand, apparently authoritative information from sources outside of the state was that the Southern Pacific would be the first to strike. It was known that the Southern Pacific was proceeding on that basis.

Conferees of heads of thirty short line railroads was to be held here today to consider the strike situation. Some of the short line representatives expressed a belief that a simultaneous reduction of freight rates and wages would avert a strike.

CALIFORNIA PREPARED.

California would suffer less than almost any other part of the United States in the event the proposed general strike is called because of its waterways and highways, according to the belief held by Seth Mann, traffic expert of the San Francisco Chamber of Commerce. This official said that the state has vast stores of supplies in its warehouses, and the supplies could be distributed by automobile trucks by boats on the San Joaquin and Sacramento rivers and on coastal points by coastwise shipping. He said:

"The railroad is an essential factor of public service and few men can imagine the far-reaching effect on every activity if they were to cease operation for a time.

"A general strike of this kind would cripple the country, and the Pacific coast would suffer with the rest."

California, however, seems in every way to be a favored land. We should suffer much less than many other parts of the country. This State produces sufficient variety of food and materials to withstand a long siege if necessary.

MOVING BACK.

"Already large quantities of fruit are moving to the Atlantic seaboard by water. A railroad strike would not cut off that channel.

"Then, too, the country has seasons which would be much more important. The perishable crops largely will have been moved by the first of November. The further movement of goods would be hindered, but it would not stop altogether.

"The situation would be quite different and much more desperate in the case of the interior states, Nevada, Colorado, Idaho, Utah, Arizona, and New Mexico, as far as the West is concerned, would bear the brunt of such a strike as has been suggested.

"The result of tying up the railroads of the country, even for a short period of time, would be so deplorable that it should not happen."

Strike Discussion In House Balked

WASHINGTON, Oct. 17.—When the House convened today Representative Blanton asked unanimous consent for discussion for five minutes "the recent declaration of war against the people of the United States which is to take effect October 30."

Representative Welch, Republican of Massachusetts, protested. Blanton from speaking by objecting to his request.

Chairman Winslow, of the committee which considers measures affecting railroads today called a meeting for tomorrow for the purpose of deciding what legislation is to be pressed before the end of the present session. Committee members said it is probable that the strike situation would be discussed.

Carmen to Discuss New Charter Plans

The dangers of the proposed charter scheme will be pointed out to the members of the Carmen's Union at both of their meetings tomorrow, John Coleman, one of the spokesmen of the labor movement in the Eastbay cities, will deliver the message, which is of vital interest to every citizen of the county.

FEEBLE BLOOD WORKS HAVOC

Gude's Pepto-Mangan Makes Red Blood; Liquid and Tablet Form

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easily recognized by pallid skin or a sensation of weakness. It is not dangerous at first. In many people scarcely notice it, and go on as usual, thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease, which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan is a great help. It improves the quality of the blood by adding red blood cells. They check the weakness, improve the appetite, and clear the complexion.

You can get Gude's Pepto-Mangan in liquid and tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package.—Advertisement.

Let Wage Cut Wait Drop In Rates, Urges U. S. Board

WASHINGTON, Oct. 17.—Immediate translation of the reduction authorized last July in wages of railroad employees into reduced freight rates, was suggested by the public group of the Railroad Labor Board last night in a statement which said that the present emergency can be settled and a strike averted.

"If the railroads will immediately in good faith adopt this suggestion," the public group said, "the first statement received by the board in Washington, the situation can be cleared, freight rates reduced, the cost of living reduced, and a stimulating effect exerted on all business."

Under the plan suggested by the public group the railroads would withdraw their request for further wage reductions until 1922. In the meantime, the board would consider a pending action of the board on such matters as further reduction of the carriers in any substantially substantial order.

WAGE-SETTING RULES.

In this connection it may be informative to the public to know what factors the transportation labor board considers in setting wages. They are:

1. Scale of wages paid for similar kinds of work in other industries and the cost of living.
2. Hazards of the employment.
3. Training and skill required.
4. Responsibility.
5. Character and regularity of employment.
6. Inequalities of increases in wages or of treatment the result of premium wage orders or adjustments. Other relevant circumstances are also to be considered.

It is obvious that the first two factors are subject to frequent change, and that during a strike period of readjustment the changes may be rapid and radical, necessitating a more frequent revision of wage schedules than would ordinarily be necessary.

Consolidating the foregoing suggestions into definite propositions, they stand:

- 1.—Let the carriers immediately give a general rate reduction measured by the July wage reduction and the benefits derived from the new rules; and devised under supervision of the Interstate Commerce Commission to the greatest degree of relief to the public.
- 2.—Let the request for further wage reductions be withdrawn until rate reductions are completed.
- 3.—At such time as the carriers deem advisable let them present to the labor board their petition for a further reduction in wages, based on conditions then existing.
- 4.—Pending the working out of the rate reduction and the action of the labor board on such petition for a further wage reduction, the carriers may subsequently submit let the strike order be withdrawn.

GIVES TIME TO COOL.

This method of procedure has the merit of affording "cooling time" to everybody concerned and requires of the carriers only one thing—that they give to the public in reduced freight rates the benefit of the July wage cut, just as they are proposing to do in case of further wage reductions. It also involves withdrawal or suspension of the strike order by the employees.

The course suggested does not involve any sacrifice of pride or prestige, either to the carriers or to the employees.

In view of the enormous destruction of property values, the deadly blow to the shipping business and the appalling human suffering, suffering and death that will follow a tieup of the country's

FIRST CUT BENEFITS

On the first day of July the Railroad Labor board announced a decision which reduced the wages of railway employees 12 per cent, aggregating about \$100,000,000 per annum, basing the estimate on the normal number of employees.

Since then, by a revision of only a part of the working rules of only one class of employees, the carriers have received further benefits amounting to many millions of dollars.

Friday the carriers notified the employees they would ask the labor board for a further wage reduction, on the condition that the public that the shippers and the people should have the benefit of this wage reduction in the form of reduced freight rates.

To a wage reduction the employees reply that no general reduction of freight rates followed the \$100,000,000 wage reduction of July 1, that the cost of living has not been sufficiently lowered since July 1 to justify another wage reduction, and that they will strike without even awaiting a decision of the labor board as to whether another wage reduction is just and reasonable.

This is the stage which the controversy has now reached.

ONE FEASIBLE PLAN.

There is at least one feasible plan by which it can be settled and a strike averted. That plan is predicated on an excellent suggestion made by General Atterbury of the Pennsylvania Railroad, in his speech at Chicago last Friday. His suggestion is quoted as follows:

"Nevertheless, it is a fact that the carriers, though they are not earning what they should earn to entitle them to be called prosperous, but which the law intends they shall earn, cannot rest under such protection while other business struggles for its life.

"It would be a wise policy for the carriers to agree to grow that view, and voluntarily reduce rates where they now work hardship, even though such rates may be reasonable in a transportation sense, and even though to reduce them means a loss of revenue to the carriers. The carriers can do this of their own volition, where it would be improper for the Interstate Commerce Commission to do so. The result would be a temporary check in the rising fortunes of the carriers and that they can ill afford, but it would be a step in the restoration of normal business conditions, and the public should give to the carriers a real appreciation of their act."

SITUATION SOLVABLE.

If the railroads will immediately, in good faith, adopt this suggestion of General Atterbury, the situation can be cleared up—freight rates reduced, the cost of living reduced, and a stimulating effect exerted on all business.

We would suggest that the wage cut of July 1 be translated at once into a reduction of freight rates. This would be much more tangible and satisfactory to the public than to promise that future wage reductions will be passed on to the people in the form of reduced freight rates. The public undoubtedly expected this result when the July wage reduction was made, and its consummation now, though somewhat delayed, would be highly gratifying. That direct benefits would be passed on to the people and the psychological effect would be instantly beneficial cannot be doubted.

Such reduction in the cost of living as might result from this and other causes would inure to the benefit of the railway employees and would constitute one of the statutory grounds for a further reduction in wages. It would have a tendency to reduce the cost of material supplies to the carriers, and it would not be then necessary for the carriers to rely solely on wage cuts for a reduction of operating expenses.

DEFIATION GENERAL.

Deflation should be general,

Let Wage Cut Wait Drop In Rates, Urges U. S. Board

FUND TO SUPPORT LONG STRIKE IS DECLARED LACKING

Leader of "Outlaw" Switchmen's Organization Sees Brotherhoods' Defeat.

BY ASSOCIATED PRESS.

LEAD WIRE TO TRIBUNE.

CHICAGO, Oct. 17.—The railroad Brotherhoods have a strike fund of \$2,000,000 which is insufficient for a general strike of any length, John Grunau, president of the United Association of Railway Employees of North America and leader of the so-called "outlaw" strike of last year, declared today.

Grunau has issued a circular to the 60,000 members of his organization outlining the association's position in event of a strike, but declaring that he does not believe there will be a walkout. He points out that the Brotherhood leaders have weakened their own ranks by circulating reports that the "outlaws" will step in to break the Grunau strike in April, 1920. Grunau denies each intention.

Two other labor organizations, besides the sixteen so-called standard bodies announced that no strike vote had been taken. O. J. Luhrs, president of the American Train Dispatchers' Association, which claims a membership of 98 per cent of the country's train dispatchers, said his organization was going to "keep its skirts clean."

"We look to the law to take care of the situation," Luhrs said. "We have many grievances in which we think the roads have disobeyed the law, but still forced to it, we will not act. The carriers, we doubt have full justification for their action, but we will not go with them at this time."

The Toledo convention of the American Federation of Railway Workers, an organization claiming 50,000 members, will decide the strike question for that body when the convention opens tomorrow.

Volunteers Ready To Man N. Y. Trains

MORRISTOWN, N. J., Oct. 17.—The volunteer crew of wealthy business men who operated the "Millionaires' Special" on the Delaware, Lackawanna and Western Railroad, bringing commuters to New York during the last railroad strike, are ready again for service. Their spokesman, Murray Coggeshall, bank, said today that if the threatened strike developed, every man would be found at his post.

Marine Engineers Planning Walkout

NEW YORK, Oct. 17.—Marine engineers are voting on a strike to come coincident with the walkout of railroad unions, Thomas Nealey, one of the union chiefs, said today.

A strike among the marine engineers would further cripple New York's communication with the outside world, water transportation having been depended upon to get food to the city in case of a rail tie-up.

transportation system, the people should bring to bear on both parties the pressure of an impartial public sentiment.

Why Not Share YOUR Wash-Day Burdens With Us?

Housework moves ever so much faster when there are two to do it.

That's why we are inviting you to share your wash-day burdens with us.

If you'll just say the word, we'll be glad to attend to the heavier, more trying task of washing and drying the clothes. Also, we'll iron all the flat pieces and fluff the woollens and underwear, too. Then we'll carefully starch the frilly, particular things, and so, and return them to you, ready for ironing at your leisure.

This is something which has proved wonderfully popular with every woman who has tried it—it's a method that's economical and efficient also.

Why not join the ranks of these pleased folk today, by phoning for our route representative? He'll call promptly for your family bundle.

TRIBUNE WINTER LEAGUE TEAMS STAGE MANY TIGHT GAMES

ALAMEDA, MELROSE AND CALATONE WATER LEAD WAY IN CLASS 'A' PENNANT CHASES

MELROSE FANS SEE THEIR TEAM DEFEAT OAKLAND NATIVES

Two Games Result in Ties and Many Are Won by One and Two-Run Margins.

By EDDIE MURPHY.

The playing of the second set of games in the Oakland Tribune Winter League yesterday was featured by many close contests, and fans all over the county were treated to some fast baseball. A couple of games resulted in ties, while quite a few were won by margins of one, two and three runs. And there were games won by larger margins that produced some high class baseball for the fans. One of the best games of the Class A division was played at San Pablo yesterday in Berkeley, when the Calatone Water defeated the Fruitvale N. S. G. W. and took the lead in the American Division of the Class A race. At Washington Park in Alameda, Archie Nissen's Alameda club managed to stay out in front in the race for the National Division championship by winning from the Whelan Market by the small score of 3 to 2. The Alameda club and the Melrose Merchants are the only two leaders in the National Division, for the other nine teams met defeat. The Melrose Merchants retained their position by defeating the Oakland N. S. G. W. No. 50 in a great game at the Melrose diamond by a 6 to 2 score. The Eastlake club is out in front of the California Division of the Class B race, being the only team to win its first two games.

Several clubs among them the Key System, got out to bad starts in the Melrose games a week ago, showed much improvement with new men in their line-ups and managed to pull through with victories.

Fans Treated to Great Contest at Melrose Lot.

A big crowd was out to the Melrose diamond to see the Melrose Merchants battle the Oakland Natives, and a better brand of ball than the two teams displayed could not be asked for in this line-up. The Oakland natives were charged against their team, although a hot hit by the Oakland natives, which was caught by the Melrose Merchants, and swung the score in favor of the Melrose Merchants. The Oakland natives were charged against their team, although a hot hit by the Oakland natives, which was caught by the Melrose Merchants, and swung the score in favor of the Melrose Merchants. The Oakland natives were charged against their team, although a hot hit by the Oakland natives, which was caught by the Melrose Merchants, and swung the score in favor of the Melrose Merchants.

Pop Flies Fall Safe and Spoils Pitching Duel.

The natives put over their first score in the third inning. "Shuey" Furness made a line catch of "Doc" Quindley's long drive in left. "Shuey" took one in the right and scored all the way from first when "Duffy" McCue pitched about throwing the ball. It was some smart catching on the part of "Shuey" and "Duffy" McCue.

President Resigns. Things Broke Up for Young Van Houtte and Three Runs Went Over. He Started by Walking. Repp. Borbe.

The Durham Club of the Piedmont League will have to find a new president. L. E. Marchion has resigned, because of the pressure of other business.

The AJAX CORD
With New Features

Never in the tire industry's history, has a tire been received with such universal enthusiasm. This black tread Ajax Cord meets first favor everywhere.

Most rigid tests prove its greater wearing qualities, and its superior non-skid security. Its tread is a protection against skidding in any direction. Even on your steepest hills, in dry or wet weather, the black tread Ajax Cord will prove its effectiveness.

Dealers are displaying this tire—and selling it at the lowest price at which dependable tires can be bought.

Sold by all Ajax Service Dealers

MELROSE DIVISION.		NATIONAL DIVISION.	
Calatone Water 3, 5, Fruitvale 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.			

Calatone Nine Takes Lead in American Race

Big Crowd at San Pablo Park. Watches Water Boys Trim Natives.

The Calatone Water Company team is leading the race in the American Division of the Class A race. The team, which was formed by the Calatone Water Company, has won its first two games. The team, which was formed by the Calatone Water Company, has won its first two games. The team, which was formed by the Calatone Water Company, has won its first two games.

Bill Plummer Is Beaten in His First Start for Poplars

Plummer, who started for the Poplars, was beaten in his first start. The game was a close one, with the Poplars winning by a small margin.

Maxwell, Vitti Play 4-to-4 Tie Game at P. C. L. Park

The Maxwell Hardware and Vitti Grays battled to an eight-inning tie game at P. C. L. Park. The game was a close one, with the Maxwell Hardware winning by a small margin.

Six Runs in Third Give Zenith Mills Win Over Hatters

Frank Dreisbach's Zenith Mills put over their first win in the Class A division of the Tribune Winter League by defeating the Lee Hatters. The game was a close one, with the Zenith Mills winning by a small margin.

Clement Drug Wins From Andersons by A One-Sided Score

The Clement Drug played rings around the Mel Andersons in a one-sided game. The Clement Drug won by a large margin, with a score of 10 to 0.

Eastlake Club Is Leading Calif. Race

The Eastlake club went on another winning spree in a spirited and fast game at San Pablo. The Eastlake club won by a large margin, with a score of 10 to 0.

Del Montes No. 6 Are Walloped Hard By Allendale Mcts.

The Allendale Merchants showed some fine hitting power at their home ground yesterday. The Allendale Merchants won by a large margin, with a score of 10 to 0.

Center Twirls Glen Athletics to a Win

In a game featured by the good pitching of Center, the Glen Athletics Club made it two straight by noosing out the 1st W. Tuts by a score of 10 to 0.

Key System Nine Trims P. G. & E., 5-1

The Key System team put over its first win in the Class A division of the Tribune Winter League by defeating the P. G. & E. team. The game was a close one, with the Key System winning by a small margin.

CLASS B LEAGUE

CALIFORNIA DIVISION.		WESTERN DIVISION.	
Adelphi Club 15, Oakland Scots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.			

Hippe Trout Flies Win From Hudsons

The Hippie Trout team pulled a comeback after their first defeat at the hands of the Hudsons. The Hippie Trout team won by a small margin, with a score of 1 to 0.

Fiorio and Figones Trim Thrasher Stars

The Fiorio and Figones team showed some fine hitting power at their home ground yesterday. The Fiorio and Figones team won by a large margin, with a score of 10 to 0.

Mathews Stars in "Wesco's" Victory

The Western Electric Company made it two in a row in the Tribune Winter League by giving the Mathews team a one-sided game. The Western Electric Company won by a large margin, with a score of 10 to 0.

Chevrolet, Woodmen Teams Play to Tie

In a game played at the Chevrolet ball park the Fruitvale W. O. V. and Chevrolet Motors played to a tie. The game was a close one, with both teams scoring equally.

Wallops Legion Team Over Its First Win in Western Division

The Oakland Art Pottery team put over its first win in the Western Division of the Tribune Winter League by defeating the Wallops Legion team. The game was a close one, with the Oakland Art Pottery team winning by a small margin.

Avenue Merchants Lose to Packers

The Del Monte Packers No. 45 of Berkeley looked like a much improved team in their second game of the season. The Del Monte Packers won by a large margin, with a score of 10 to 0.

Trim Knights Pythias

Home runs featured the Alameda West End Merchants-K. of P. game at Washington Park. The Alameda West End Merchants won by a large margin, with a score of 10 to 0.

West End Merchants

Speed Maddock was working nicely until the sixth inning, when he blew out and was replaced by Pikes. The West End Merchants won by a large margin, with a score of 10 to 0.

Key System Nine Trims P. G. & E., 5-1

The Key System team put over its first win in the Class A division of the Tribune Winter League by defeating the P. G. & E. team. The game was a close one, with the Key System winning by a small margin.

Eastlake Club Is Leading Calif. Race

The Eastlake club went on another winning spree in a spirited and fast game at San Pablo. The Eastlake club won by a large margin, with a score of 10 to 0.

Del Montes No. 6 Are Walloped Hard By Allendale Mcts.

The Allendale Merchants showed some fine hitting power at their home ground yesterday. The Allendale Merchants won by a large margin, with a score of 10 to 0.

Center Twirls Glen Athletics to a Win

In a game featured by the good pitching of Center, the Glen Athletics Club made it two straight by noosing out the 1st W. Tuts by a score of 10 to 0.

Key System Nine Trims P. G. & E., 5-1

The Key System team put over its first win in the Class A division of the Tribune Winter League by defeating the P. G. & E. team. The game was a close one, with the Key System winning by a small margin.

Alameda Club Wins 2nd Game In 'A' League

CALIFORNIA DIVISION.		WESTERN DIVISION.	
Adelphi Club 15, Oakland Scots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.			

Ninth-Inning Gives Isle City Fans a Lot to Chat About

By MAURY PESSANO.

Frank McCormick, manager of the Alameda club, says that the game was a close one, with the Alameda club winning by a small margin.

Hippe Trout Flies Win From Hudsons

The Hippie Trout team pulled a comeback after their first defeat at the hands of the Hudsons. The Hippie Trout team won by a small margin, with a score of 1 to 0.

MONDAY, OCTOBER 17, 1921.

THE CASE OF SAWTELLE.

The California Supreme Court last week reaffirmed its decision, handed down several months ago, that the annexation of the town Sawtelle by the city of Los Angeles was invalid and that the annexation scheme could not be carried out without the consent of Sawtelle.

By an election in 1917, the majority of the voters of Sawtelle declared in favor of a consolidation with Los Angeles. After the election certain citizens of the town brought suit in the courts to prevent the consolidation going into effect, setting up the allegation that by the terms of the consolidation Sawtelle was being compelled to assume certain financial obligations of Los Angeles, in the contracting of which the town had had no part.

The contention of the complaining citizens of Sawtelle was sustained by the supreme court, notwithstanding that the majority of the electors of the town had voted in favor of consolidation with Los Angeles.

It is apparent that this decision may have a direct bearing upon mooted questions of annexation and consolidation now being considered in Alameda County. It is proposed by the advocates of the new charter scheme that after the major division of the county is effected, by separation of Berkeley and Alameda from Oakland, that they will work for a city and county of Oakland alone, the area of which would be the present city of Oakland plus the municipalities of Piedmont and Emeryville. These communities seem to be denied the right of self-determination under the State law and the proponents of the county division scheme believe they can be forced into a union with Oakland against her will.

Piedmont and Emeryville will vote against the new charter scheme. There is not the shadow of a doubt about that. Both communities want to stand apart from the city of Oakland, for several well-grounded reasons. The people will vote against annexation by Oakland.

The same contentions may be raised by Piedmont and Emeryville that were raised by Sawtelle—that by annexation they would be forced to assume certain heavy financial liabilities of Oakland, in the contracting of which they had no voice whatsoever. Behind this contention would be the supporting fact that the electors voted against annexation, whereas in Sawtelle the people favored annexation. In the case of Piedmont and Emeryville the suit would be brought in the name of the whole people, while in Sawtelle it was brought only by a minority group.

Among the other dangers, hardships and disabilities which the county division project carries is, therefore, the certainty of court suits attacking the legality of the whole scheme. Both Piedmont and Emeryville already have indicated their determination to test in the courts the power of Oakland to force them into annexation against their will. The presumption of precedent and common morality of the law is that the two towns would win their point.

GOETHALS AND MEXICO.

Major-General Goethals, United States Army, retired, has been in Mexico City during the last two weeks in conference with President Obregon and members of the President's Cabinet on plans for the rehabilitation of Mexico. A report has come from the capital of the southern republic that the general is about to accept the proffer of the post of advisor and director of reconstruction to the Obregon administration.

Official confirmation of this report is lacking, but it would be cause for wonder with our friends if General Goethals should be so employed by Mexico. He might not succeed. He might find Mexican inertia, intrigue and political rottenness insuperable obstacles to any comprehensive program of reform and reconstruction he might undertake to carry out. But certainly he would record some improvement. He would leave the Mexicans an object lesson, however small, which would be of lasting benefit.

Should General Goethals be invited to take an important part in the work of rehabilitation in

Mexico, however, the hope would be justified that he would be given fullest co-operation of which the Mexican government is capable. He would be permitted to go as far as possible in eliminating the practices and methods that have held Mexico back. In every country there would be created confidence in the sincerity and the sound purpose of the Obregon administration.

THE FURNITURE INDUSTRY.

Observation of "furniture week" by the furniture makers and trades in the bay district calls attention to the great progress that has been achieved in furniture manufacture in Northern California. The federal census shows that in the ten years from 1910 to 1920 California advanced from eighth to fifth place in the list of manufacturing States. This increase in manufacturing importance is largely due to the growth of the furniture industry.

It has become generally recognized that the California home may be as comfortably, as luxuriously and as exquisitely furnished with locally made furniture as with furniture from any other part of the world. In the beginning of California's statehood all the furniture was brought from the Eastern States. Later Michigan and Central States captured the larger share of the business of supplying the Pacific Coast with furniture. But today California is adequate to furnish not only its own homes, but the homes of other Western States as well.

This industry is of comparatively recent growth. It is not generally realized that bay district factories are turning out something like \$25,000,000 worth of furniture a year, that they are employing about 8,500 men and that their output has about doubled in the last ten years. The improvement in the craftsmanship of the California furniture maker is also impressive. He is the peer of any other maker any other place in the world.

BUILD A HOME.

This is a good time for the building of homes in California. The cost of construction has dropped from the peak of 1919 to about what it was in 1916. A home may be built today about as cheaply as five years ago. There is a scarcity of homes. There is a scarcity of employment for workers and it is a community obligation to perform as large a volume of work during the coming winter months as possible.

Here, then, is three favors that make the building of homes desirable. There is a fourth. It is the fact that investment in a home is the soundest and safest investment in the world that any man may make. There is no other investment that on the whole gives so much satisfaction, so much security and so high a feeling of pride and self-respect.

Eastbay home sites have always been reasonable in cost. Land was the only thing that did not soar in price during the war. It is to be had at a reasonable cost today. It will never be any cheaper in this section of the State. Home-building is the greatest of industries.

SUMMER CAMP FOR BERKELEY.

Berkeley is another city to take advantage of the opportunity to establish a municipal summer camp in the mountains. It has secured a camp site from the Forest Service in the Stanislaus National Forest, situated near Hardin Mills on the Big Oak Flat road. This will make an ideal summer camp. It is 4000 feet above sea level, less than six miles from a railroad, and will have a fine stream of water running through it—the south fork of the Tuolumne River.

The experience of Oakland, Los Angeles, and other cities in supervising mountain camps for the benefit of citizens whose means require them to practice economy has proved the popularity of these projects. They may be conducted without expense to the municipality, but at the same time are made available to the vacationists of moderate means at the minimum cost.

Surely the recreation commission in Berkeley will take advantage of this opportunity to establish a summer camp in the Sierra. The people of Berkeley should support it in every needful way.

THE ONE WORD "CHINA."

Mr. Lloyd George was very gracefully riding two horses in Commons a short time ago when some one shouted out very loudly the one word "China." Mr. Lloyd George nearly fell from his horse.

His fall was very undignified. He had been telling Commons what a great and wonderful people the Japanese are; how much England and civilization are indebted to them for their stand in the world war.

It is unfortunate, he exclaimed, "that we should now turn around and say to them, 'Thank you; you stood by us in trouble, but we don't need you any longer, so good-bye.'"

Then he extended his left leg and took firm hold upon the back of the other horse that had been ambling along peacefully and decorously. "But on the other hand," he affirmed, "it is a cardinal principle of British policy that we should act in as complete accord with the United States as any two countries in the world."

Japan and the United States have no common thoughts on China. Indeed, it is the wide difference of opinion between the two nations over China that forms the most difficult problem of the Pacific, and threatens the most serious consequences.

Japan's diplomacy and deceit are engaged in dividing the Chinese sentiment. The Peking government is already subservient to its ancient enemy.

China does not want the "open door" in China. China does not want the "open door" in China. It has strong interest in the success of Japanese designs in partitioning of China.

The one word "China" broke up the British premier's pipe dream.—Springfield, Ill., Journal.

NOTES and COMMENT

The San Leandro Reporter declares itself: "It is the policy of the Reporter not to publish items of idle gossip nor to mention petty scraps that take place occasionally in our community. There may be occasions, however, when the peace and dignity of the community might be involved, and at such times we would feel that it was our duty to direct attention in a general way to certain abuses, if by so doing there was hope of correcting them. A good way for anyone to get the names in the Reporter is for them to do something worthy, as well as of interest."

Old fashioned animosity from the Visalia Times. "The sports' editor of the Delta, chronologizing in a cheap-skate manner in connection with its account of the Maristad baseball game, goes on out of his way to cast some scolding insinuations upon the location of the game made in the Times, and also throws a lot of that small-town 'bull' for which the Delta is famous, in regard to its policy of giving its readers all of the news in an accurate manner."

The Stockton Record foresees a new brand of California politicians. "When the later history of California is written along with the folk who made fortunes in mining and in growing wheat, we shall have the more picturesque ones who 'made money in grapes.' Meantime, it can be said that the grapes are growing and the money is being made. We are traveling or run to the movies every night in the week we get grapes to eat, and say, 'they've got grapes to sell!'"

According to the Union the home-brew of Africa has nothing on the home brew of San Diego. "Some of the tribes in South Africa make a liquor that causes them to walk backwards. At least, you will find an account of them in the encyclopedia. All of which is not very exciting, as some of the tribes in San Diego make a homebrew which frequently prevents them from walking at all."

The Richmond Record-Herald finds that the species is not extinct. "We have discovered in our town a member of a lost species of mankind. He is a man whose wife bakes him real home-made bread, like our mothers used to do. Few will believe this story, but it is actually true."

Thus the Watsonville Reformer. "Afternoon teas have taken the place of 'beer busts' in the Berkeley fraternal circles. To the person who believes that part of a boy's education is familiarity with the three L's—liquor, bibulousness, and biliousness—the announcement is proof enough that the world is going to the how-ows."

The Redding Searchlight elucidates as to the Prodigal Son and the Fatted Calf. "The moral in the story about the prodigal son and the fatted calf is that the calf didn't get a square deal. The calf had been very decent, but was killed in honor of the son whose life was a riot."

The Woodland Democrat boosts a candidate: "Friends of Friend Richardson figure that the California Press Association is behind his gubernatorial aspirations. It is all right if they don't get too far behind."

Red Bluff News on unemployment. "The unemployment conference has eight plans to relieve the labor situation. None of them will be satisfactory to the chap that doesn't want to work."

The Brentwood News tells of a misadventure. "While the fire engine was being overhauled on Saturday, it was discovered that some miscreant had stolen the fire siren. This is about the smallest trick that can be imagined."

The San Diego Union is always harking back. For instance: "Do you remember the old fashioned winter days back East when the kids used to dare each other to touch their tongues to the pump handle?"

SPIRIT OF THE STATE PRESS.

Reports are to the effect that Tracy is to have a big milk condenser. Capital is to be interested and a company incorporated to erect a \$70,000 plant. Plans and specifications are said to have been prepared and the building will be built in time to receive milk by next April.—Byron Times.

Prohibition in San Francisco can hardly be called a success if it be true, as an enforcement official says, that one bootlegger cleared \$300,000 and destroyed all evidence of illicit traffic before he was apprehended.—Woodland Democrat.

Cited to appear before a Justice of the Peace of San Bernardino county for driving therein at the rate of 45 miles an hour, a Los Angeles lawyer responded with a remittance of \$10. But the Justice refused to take less than \$25 and wrote back that there was "no cut rate for lawyers." This sum being forthcoming, the incident was closed.—Sacramento Bee.

The San Joaquin County News is knocking at the doors of Red Bluff for a through train and stopped at Redding. Maybe we were asleep.—Red Bluff News.

Governor Stephens isn't going to interfere in the strike of oil workers in Kern county. The governor is a candidate for re-election.—Willows Journal.

Shasta county has only eight prisoners in jail. As none of them is a Roy Gardner we will likely have to pay their board bills until the robbers nest again.—Redding Searchlight.

ONE-HALF THE WORLD AND THE OTHER HALF.

FOREIGN TRADE UNDER FREE ZONES AND PROTECTIVE TARIFF

By HON. HENRY M. ROBINSON.

[The article, in which the United States can develop her foreign trade and at the same time maintain a protective tariff were outlined when Henry M. Robinson, formerly commissioner of the United States Shipping Board and now president of the First National Bank of Los Angeles and the Los Angeles Trust & Savings Bank, placed the entire problem of free ports and free zones before the American Bankers' Association in annual convention in Los Angeles, through his discussion of the trade zone bill which Senator Jones of Washington now has before Congress.]

Mr. Robinson, whose opinion on national affairs is widely recognized, spoke as one interested both in a protective tariff and in foreign trade, and pointed out the apparent inconsistency of attempting to develop both at once and the same time, stating that it is only through the establishing of a free port and a free zone policy that the foreign trader and the protectionist can meet on common ground and the ends to which both are working can be accomplished.

Under the terms of this act, no duty is to be applied to merchandise delivered from ship to wharf within a free zone unless some part, or all, of it is taken out for domestic consumption, at which time it will pass through the Customs House and be subject to regular duty.

In other words, we may, within certain districts within our ports of entry, be a free trade zone and at the same time protect our own domestic markets from a flood of cheaply manufactured European and Asiatic goods.

It is axiomatic that, for the protection of the American manufacturer, a method must be provided for the maintenance of a merchant marine which will carry abroad the surplus of American manufactured goods; otherwise, these goods must continue to back up on our own markets and thereby reduce the earnings of our merchants and the earnings of American labor, itself.

There is appearing from time to time in certain publications the suggestion that most of our products are consumed at home and that only about one-seventh is available for export, and, hence, that our foreign trade is a relatively unimportant factor in our national prosperity.

Accepting these figures as true, economists generally agree that a surplus is the controlling factor. Is it not, therefore, reasonable to assume that it is the backing up of our manufactured surplus and our inability to sell abroad that has brought about our unemployment situation?

Since the beginning, any nation that has engaged, with any appreciable degree of success, in international commerce has been either on a free trade basis, or has maintained one or more free ports or free zones.

For years, however, we as a nation have maintained a high tariff, and most of the time a very high protective tariff, and, for half a century our flag has been a comparative rarity upon the seven seas.

Can the great war, and demonstrated beyond all need for the maintenance of a merchant fleet, if, in time of war, the nation is to be protected—and this, whether the war be military or economic.

The great war also demonstrated fully the interdependence of peoples and nations—and their dependence upon world trade.

Since the maintenance of a merchant fleet is obviously precluded on world trade, it is evident

often at our ports than ships under other flags, and, to that extent, at least, there would be a factor for improvement in the cost of operation of American vessels.

Another great advantage in the operation of our marine would be the fact that so-called "irregular voyages" could be made and cargoes moved to our ports, only a part of which would be intended for domestic consumption.

"The problem of American ships has been that, while we have merchandise for export shipment, only too often it is necessary for the ships to return in ballast. The British, a free trade nation, on the other hand, until recently have been able to fill their unoccupied space in their outward bound ships with cargo for foreign countries, and for bunkering, returning with cargoes of commodities from foreign countries—cargoes partly for home consumption and partly for transshipment to other countries—transshipments made without any regulatory practices that result in serious delays. This, too, because of free port zones, was equally true in the case of Germany before the war.

"The establishment of free zones for America has been under discussion for many years. Shipping men, naturally, have been strongly in favor of it. They take the position that the principal advantage to the merchant ships is the ability to bring in full cargoes, or at least larger cargoes than present conditions allow, the bulk of which will be for transshipment in American bottoms to other ports in connection with shipments of domestic merchandise.

"Should the Jones Bill become law, our protection principle will be conserved, because, otherwise, the belief that we should engage in foreign trade may, in the course of time, result in a marked modification of our tariff laws, and this may not be necessary if we can maintain our foreign trade and our merchant marine through the medium of these free zones.

"Originally the propaganda for foreign trade zones, free from Customs duty, was limited in its discussion to about three ports on the Atlantic coast and one or two on the Pacific. The bill as presented, however, contemplates the possibility of the establishment of foreign trade zones in each of the important ports of entry. This is a great stride in the right direction, for, if all of this foreign transshipment were to be done in the ports of New York, Philadelphia and New Orleans, and in only one or two ports on the Pacific, the congestion of traffic to and from these ports would place an additional burden on rail terminals already overloaded, and would result in an uneconomic transportation of the back country of merchandise intended for domestic consumption.

"It is to be recognized that ships other than those under our flag will have the same advantage in our ports, but it is fair to assume that ships under our own flag, through a period of time, will touch more

often at our ports than ships under other flags, and, to that extent, at least, there would be a factor for improvement in the cost of operation of American vessels.

Another great advantage in the operation of our marine would be the fact that so-called "irregular voyages" could be made and cargoes moved to our ports, only a part of which would be intended for domestic consumption.

"The problem of American ships has been that, while we have merchandise for export shipment, only too often it is necessary for the ships to return in ballast. The British, a free trade nation, on the other hand, until recently have been able to fill their unoccupied space in their outward bound ships with cargo for foreign countries, and for bunkering, returning with cargoes of commodities from foreign countries—cargoes partly for home consumption and partly for transshipment to other countries—transshipments made without any regulatory practices that result in serious delays. This, too, because of free port zones, was equally true in the case of Germany before the war.

"The establishment of free zones for America has been under discussion for many years. Shipping men, naturally, have been strongly in favor of it. They take the position that the principal advantage to the merchant ships is the ability to bring in full cargoes, or at least larger cargoes than present conditions allow, the bulk of which will be for transshipment in American bottoms to other ports in connection with shipments of domestic merchandise.

"Should the Jones Bill become law, our protection principle will be conserved, because, otherwise, the belief that we should engage in foreign trade may, in the course of time, result in a marked modification of our tariff laws, and this may not be necessary if we can maintain our foreign trade and our merchant marine through the medium of these free zones.

"Originally the propaganda for foreign trade zones, free from Customs duty, was limited in its discussion to about three ports on the Atlantic coast and one or two on the Pacific. The bill as presented, however, contemplates the possibility of the establishment of foreign trade zones in each of the important ports of entry. This is a great stride in the right direction, for, if all of this foreign transshipment were to be done in the ports of New York, Philadelphia and New Orleans, and in only one or two ports on the Pacific, the congestion of traffic to and from these ports would place an additional burden on rail terminals already overloaded, and would result in an uneconomic transportation of the back country of merchandise intended for domestic consumption.

"It is to be recognized that ships other than those under our flag will have the same advantage in our ports, but it is fair to assume that ships under our own flag, through a period of time, will touch more

often at our ports than ships under other flags, and, to that extent, at least, there would be a factor for improvement in the cost of operation of American vessels.

About YOUR HEALTH

• What You Ought to Do If You Have a Sore Tongue

By ROYAL S. COPELAND, M. D.
Commissioner of Health, New York City.

A few days ago a friend came to tell me about his tongue. It had been sore on one edge for several weeks. He did not say so in words, but his manner indicated to me his fear that the trouble might be cancerous. I was reminded of a visit paid me many years ago by another friend who had made during college days. He went on his shoulder and sobbed out his broken-hearted story of a family of small children who would be lost without a father. I am glad to say he lived 25 years after that and saw all his children grow up and marry. His trouble was not cancer.

His trouble was not cancer. It was a sore tongue. This is no reason for neglecting a sore tongue. It is not wise to neglect a long-standing sore involving any part of the body. If there were no other reason for having it healed, than the increased comfort, that should be sufficient.

Any swelling is called a tumor. Please remember, then, that to describe a thing as a tumor does not mean it is a cancer. If you bump your head and a swelling results, that—in scientific language—is a tumor.

It is a common thing to have cystic tumors under the tongue. Similar tumors are found in the inner side of the lower lip.

These swellings are of little consequence. They are due to the obstruction of the drainage canal of one of the little mucous glands. Almost the only way to get rid of such a tumor is to cut it out, but it would not develop cancer if it were left.

It is not uncommon to find various forms of perfectly innocent growths among the tumors of the tongue. The tip of the tongue, the side of the tongue, and—more rarely—the top of the tongue may be involved.

Sometimes there are tumors due to tuberculosis or syphilis. The true nature of these tumors are determined by laboratory tests.

Cancer of the tongue is not always painful, perhaps I should say exceedingly painful. Usually, however, pain is one of the early symptoms. Later it may become excessive.

There is apt to be a canker-sore-like appearance at some point. In addition there is a nodule or swelling under the surface. This can be felt when the tongue is taken between the thumb and finger.

In malignant disease the tongue may feel stiff. It is more or less painful to move or to swallow. Hot food, especially hot liquids, food that is rich in spices and seasonings, and rough, hard food cause discomfort and even pain.

There is an excessive flow of saliva, and, later in the disease, this discharge is offensive in smell.

When the disease has progressed the glands at the base of the tongue and under the jaw are apt to become enlarged and tender.

Malignant disease of the tongue is said to be six times more common in men than in women. Just why this is the case is difficult to tell. Some have thought the excessive use of tobacco has been an exciting factor. Needless to say, any continued soreness of the tongue should be given attention. The prevalence of cancerous trouble is very, very slight. Early treatment with the X-ray or radium is helpful in malignancy. The innocent growths are easily and painlessly removed. Don't worry about a tumor of the tongue; but banish your fear and any possibility of danger by letting your family doctor examine it and advise you.

FINGERPRINTS MAY REVEAL HER SLAYERS

Jewelry Valued At \$10,000 Is Found Missing From Home of Mrs. Amanda Pfankuchen, Who Was Murdered

Photographs of fingerprints found on articles in the home of Mrs. Amanda Pfankuchen, aged widow, who was murdered and robbed in her residence at 1417 Adeline street Friday night or Saturday, today are being compared with fingerprints in the possession of the identification bureau of the police department in the hope that a clue to her assailant or assailants may be uncovered. The police declare that there is but scant evidence upon which to conduct their investigation. The body of Mrs. Pfankuchen was found in the street on Saturday afternoon. According to autopsy surgeons death had been caused by strangulation, but that bruises on her throat would not have caused death. There were indications that the victim had been gagged, but the gag could not be found.

JEWELRY WORTH \$10,000 DECLARED MISSING.

As the result of an all-day search yesterday by detectives Charles Reed, Philip Smith and Joseph J. Howard, it has been announced that jewelry valued at approximately \$10,000 is missing from the effects of the dead woman, the loot including a \$2000 diamond bracelet and Spanish gold jewelry and trinkets. The diamond was given to Mrs. Pfankuchen by the late John Loma, San Francisco jeweler.

The disappearance of this jewelry, it is contended, tends definitely to establish that Mrs. Pfankuchen was murdered by an assassin or assassins who knew she had the jewelry. The police department is now endeavoring to obtain a lead. The belief is held that two men participated in the crime. VICTIM HAD BEEN BOARDING INCOME.

Reed declares the woman had been hearing the income from the interest of a \$40,000 estate of her husband, killed three years ago in an automobile accident, and that she had put aside \$2000 which he repeatedly had urged her, without success, to place in the bank.

Mrs. J. J. Mahoney, 1511 Adeline street, has told the police she called at Mrs. Pfankuchen's home last Friday evening but that no one responded to the ringing of the doorbell and that two bottles of milk and a bundle of laundry were lying on the front porch.

An inquest into the woman's death is to be held at the coroner's office at 10:30 o'clock tomorrow morning.

Woman Arrested On Bigamy Charge

Mrs. Clara Klarich, 32 years old, was arrested in San Francisco today on a warrant charging her with bigamy which was sworn to by her second husband, Matt Klarich, of 149 Sixth street, San Francisco. Police Inspector Tom Packer, who is handling the case, says that she married Klarich last September in this city. She will be brought to this city and arraigned tomorrow morning before Police Judge Edward J. Ty.

She is alleged to have told Klarich that her first husband, William Woodcock, had been dead for three years. Shortly after the couple were married she went to Wood to work and her second husband went to the southern part of the state.

"The Vision of Marpessa" Is Winning Play in Contest

MISS HARLOW WILSON, talented co-ed, who has written masque to be presented next spring by college girls

Miss Harlow Wilson Writes Masque For Next Year's Parthenia in Faculty Glade

BERKLEY, Oct. 17.—Taking her inspiration from Greek mythology, Miss Harlow Wilson, junior student at the university, has written a masque which will be enacted by co-eds as next year's Parthenia in Faculty Glade.

Announcement of Miss Wilson's masque, "The Vision of Marpessa," as the winning play in the annual Parthenia contest was made today.

Flourishing mention was given by the committee of judges to Miss Virginia Sanderson, graduate of the university with the class of 1918, for a masque contributed by her.

Formerly of Monrovia, Miss Wilson with her mother now makes her home at 2225 Channing way, Berkeley. She is known on the campus for her literary work, being the author of several short stories appearing in the official, campus literary magazine.

A simplicity of plot with distinctive dramatic qualities marks Miss Wilson's masque, in which the traditional theme of the transition from maidenhood to womanhood is made unusually effective through a conflict between the forces of the real and unreal world. The masque is woven about the Greek classical legend of Marpessa, and is half mythical, half allegorical.

Judges selecting Miss Wilson's masque were Porter Garnett, Professor Chaucery Wells, Miss Lucy Stephens, Miss Mary Patterson and Miss Edith Parsons.

HARBOR MEN TO ADDRESS FIRST FORUM

Chamber of Commerce Will Hear Eastern Experts Give Opinion of Possibilities of the Waterfront Tomorrow

The first members forum meeting of the Oakland Chamber of Commerce, to be held tomorrow under the auspices of the harbor development committee, will be devoted to a discussion of Oakland's port possibilities. It will be held at a luncheon to be served in the south banquet room of the Hotel Oakland.

The affair will be given a quasi-official character by the loan of a revenue cutter for the use of the speakers of the day, J. Spencer Smith, vice-chairman of the Port of New York Authority and president of the New Jersey Board of Navigation and Commerce, and T. F. Engle, a member of the New Jersey commission. In this vessel they will make a waterborne inspection of the inner and outer harbors, accompanied by member of the harbor development committee, Chamber of Commerce and city officials and local harbor experts.

On the basis of this inspection, Smith and Engle will tell the luncheon crowd tomorrow what in their opinion are the possibilities of the port of Oakland.

According to Commissioner A. E. Carter of the department of public works, Smith and Engle may be expected to give an invaluable assistance in advising the proper harbor development. He says that at the Seattle meeting of national port authorities, from which he has just returned, he met men made a powerful impression. Smith and Engle are foremost figures in carrying through the ambitious plans of the joint New York-New Jersey harbor and can speak with authority.

Special invitations to the members forum meeting have been sent by the harbor development committee to members of the naval academy and city officials, the chairman and vice-chairmen of all other committees. The meeting also will be thrown open to all Chamber of Commerce members. The luncheon will begin at 12:15 o'clock.

Movement on Foot For Little Theater

A Little Theater movement has been launched in Oakland with approximately 200 members enrolled. Six hundred will be invited to become members according to the plan of its leaders. Mrs. Jean de Carbone is temporary president. Mrs. R. E. Danford is temporary secretary. At a meeting called for tomorrow at 4 p. m. directors to the newly organized club will be elected.

Hedma Reicher, a Polish actress and producer, is inspiring the Little Theater in this city.

Land Leased For Farmers' \$50,000 Mart

With the leasing of a 100-acre lot on Broadway by the Farmers' Co-Operative Market to be used for a large central market, a new \$50,000 business is to be carried on Broadway. Local Inspector Harry Smith announced the leasing of the property this morning. The lot, located on Broadway and runs through 1400 block street, containing the site of the new market, is located between Broadway and 1400 block street. It is understood that construction of the building will be ready in a short time, with a large market.

The action came as the result of the closing of the market formerly operated by the Farmers' Co-Operative Market, which was located on Broadway. According to Smith, who contended that the market was a public utility, the market was a public utility. The market was a public utility. The market was a public utility.

Native Daughters to Give Benefit Dance

SAN LEANDRO, Oct. 17.—The Native Daughters of the Golden West, will hold a benefit poppy dance Saturday evening, October 22, for the purpose of swelling the charitable funds of the organization. Excellent music has been secured, the committee announced, and elaborate preparations are being made for additional entertainment.

Parade derived from the benefit dances held by the Native Daughters organization are used in assisting in the maintenance of the San Francisco Native Daughters' Homeless Children's Agency and for providing entertainment and fund-raising for the war veterans in the various government hospitals.

It was also announced by the committee in charge that arrangements are being made to receive Dr. Victor Derick, World Grand President, who will make his official visit Tuesday evening, October 19.

Berkeley Legion Men Will Join in Parade

BERKELEY, Oct. 17.—Berkeley Post, No. 7, of the American Legion, will take an enthusiastic part in the Armistice Day celebration in Oakland, it was announced today. The Berkeley veterans will contribute a float and a detail for the big parade. Harold Allen was appointed chairman of a committee to take charge of the preparations, other members of the committee being A. L. Taylor and Miss Helen Scott.

An informal smoker and entertainment is planned by the post for next month.

Programs for the next few meetings include speeches by several notable leaders, it is announced, negotiations being under way for the various events.

Lodge Will Observe Past Masters' Night

ALAMEDA, Oct. 17.—Past Masters' Night will be observed by Apollo Lodge, F. and A. M., in Alameda tonight. The lodge will occupy the third degree will be conferred upon a class of initiates by the past masters and original officers of Apollo Lodge, who will occupy the stations for the evening. Refreshments will be served at the conclusion of the ceremony.

WHITEHEAD'S PENSION GOES INTO COURTS

Ex-Fire Chief's Case to Be Taken to the Supreme State Tribunal As a Guide for All Future Acts by City

The matter of the pension of former Fire Chief William Whitehead, now a pension case, will be taken to the courts and the trustees of the pension fund. The pension case of Whitehead is a landmark case, as it is the first case of its kind. The pension case of Whitehead is a landmark case, as it is the first case of its kind.

SERVED 25 YEARS.

Whitehead, depicted as an ex-fire chief, three months ago, recently demanded his pension on the ground that he has served the requisite 25 years in the department. The pension case of Whitehead is a landmark case, as it is the first case of its kind.

There is a question of whether or not a man must have served 25 years in the department to be eligible for a pension. The pension case of Whitehead is a landmark case, as it is the first case of its kind.

SERVICE QUESTIONED.

There is another question as to whether Whitehead was a member of the department officially for the whole time he served. He was an extra man at first. Then he secured a leave of absence as battalion chief from the civil service board when he took the higher position of fire chief. In the Petersen case, Judge Nourse held that Petersen lost his civil service standing, though the other judges held against this.

"Then I assume this board will deny the application," said Deardley. "I realize that it is a grave matter involving future thousands of dollars of the taxpayers' money. We just want to know what you will do so we can take action."

"Take it into the courts," said Commissioner Colbourne, who then moved that the application be denied.

Oakland Musicians Play for Prisoners

A welcome was given the municipal band and the Alameda Temple musicians at San Quentin yesterday, where the Oakland musicians made their annual pilgrimage to the prison. Secretary Henry Vogt of the band and Assessor Harry Williams accompanied them.

"It was a successful musical festival," says Vogt. "We put on a program of varied music for 2000 auditors, and then at the luncheon tendered by the warden the prison band serenaded us. The prison band leader led the municipal band for several pieces and Paul Steindorf then led the prison band."

U. S. to See Lake Ducks In 'Movies'

Oakland's tame wild ducks will appear in their 1921 appearance in the screen within a few days. Movies of them, taken by W. W. Kelley, are in their way of being distributed all over the country.

Besides the usual stunt of getting the daily breakfast from their chief, Albert Phillips, a number of the tame ducks were filmed eating out of the troughs. They were filmed at the Palmdale end of Lake Merritt.

This year still another feature will appear in the movies—the wild geese who have moved in on the ducks. The geese were filmed from a pair of hawks on the headland road by a passing motorist and turned over to the park board. The geese has adopted itself into the duck family and takes its place at the breakfast table daily.

The publicity committee at the Oakland Chamber of Commerce was scheduled to take up the annual program with the recreation department today. It can be at the city department take even general supervision of the program with the special pageant committee and all interested organizations assisting.

Vineyard At Lodi Sold for \$500,000

STOCKTON, Oct. 17.—J. H. Crutchfield, president of the Stockton-American Fruit Growers, incorporated, today announced the sale of more than 350 acres of choice vineyard property owned by the association in the Lodi section to a Lodi syndicate this morning. It is understood that the price ranged well over the \$500,000 mark.

The sale is in accordance with the company's policy of buying up and improving large holdings in rich districts and later selling them to local syndicates for subdivision and sale in small acreages, Crutchfield states.

Tire Substitution Is Charged to Officer

SAN FRANCISCO, Oct. 17.—Police man Daniel T. McLaughlin was suspended by Chief of Police Daniel O'Brien today following charges by Captain John O'Neare that he was guilty of unauthorized conduct. It is charged that Saturday night he substituted an old automobile tire for a new one held as evidence in the Mission station against two boys.

ALAMEDA TAXES

TOTAL \$432,772

ALAMEDA, Oct. 17.—City Auditor F. J. Croft today completed the extension of the tax rolls. The total amount to be collected by City Tax Collector Oswald Lubbock will be \$432,772.77. This will be collected in two installments, both of which fall due today. The first of \$236,120.49 must be paid before December 5 and the second of \$196,652.27 by the last Monday in April.

Croft also turned over to Lubbock the Wood assessment roll totaling \$322, for work done by the street department in cleaning up vacant lots.

The state of California will also refund \$2685.28, the state's proportion of the Bond tax.

SUPREME COURT RECESSES.

WASHINGTON, Oct. 17.—The Supreme court today announced a recess from Monday, October 24, to November 7.

DELEGATES TO

DELEGATES TO DISARM PARLEY AGAIN CALLED

Californian Chosen to Head
Press Bureau at Washington
Conference.

BY ASSOCIATED PRESS
RELEASED WIRE TO TRIBUNE
WASHINGTON, Oct. 17.—Sec-
retary Hughes issued today a call
for the second meeting of the American
delegation to the conference.
Limitation of armaments fixing
date as next Friday at 2 p. m. sub-
ject to the convenience of Senat-
Lodge and Underwood.
It was explained that the afternoon
session was called because Friday

It was emphasized today that while, under President Harding's call, the arms conference would open on November 11, Armistice Day, no address of any sort would be the program, and that in all probability the delegates would immediately arise out of respect to Armistice Day ceremonies and honor of the memory of Ameri-

Further arrangements for the policy work in connection with arms conference were announced day with the appointment of Ph Patchin to head the special bureau in the department to be set up aid of the press in connection with the meeting.

Philip Patchin, who has been named to head the special bureau in department to be set up by Washington arms conference to the press, is assistant to the president of the Standard Oil Company of California. He lives in Burlingame and is 37 years old.

By CLARENCE DUBOSE.
United Press Staff Correspondent

YOKOHAMA, Japan, Oct. (Delayed).—Prince Tokukawa, the final contingent of Japanese representatives to the Washington conference on the limitation of armaments sailed from Yokohama to en route to Washington.

Prince Tokukawa said that he was most hopeful for the success of the conference, but he could not venture a prediction as to its outcome or possible duration. The idea of convening the United States and Japan

The delegation will go to Washington via Seattle.

BRYAN A GRANDFATHER
LOS ANGELES, Oct. 17.—Grace Hargreaves, wife of Richard Lewis Hargreaves and daughter of William Jennings Bryan, gave birth to a daughter yesterday at the Hargreaves residence in the Hollywood section.

10 PERSONS HURT
IN AUTO WRECKS
DURING WEEK-END

Several Critically Injured in Automobile Accidents in Bay Cities.

The automobile casualties for the week-end in the Eastbay district consisted of ten persons injured. Six of these hurt are in a serious condition.

The injured: A. U. SPERRY, 1750 Franklin street, San Francisco; broken leg. CHARLES MCCANN, 825 Hyde street, San Francisco; fractured leg. PAUL KUCHSDORF, 1720 Filbert street, San Francisco; cuts and bruises.

IRA M. WARE, 1245 Vallejo street, San Francisco; bruises and lacerations. WILLIAM J. KENNEDY, 1405 Hyde street, San Francisco; cuts and bruises about the head and body.

HAROLD WARRICK, 551 Guerrero street, San Francisco; fractured leg and hand, bruises and possible internal injuries.

ISADORE GOLDEN, assistant district attorney of San Francisco; cut and bruises about the head and body.

ANDREW MARKUSSEN, 4226 California street, San Francisco; scalp wounds.

ERWALD MARK, 450 Church street, San Francisco; bruises and scalp wounds.

WILLIAM RAMSEY, 19 years old, Richmond; fractured skull and broken leg and arm; possibly fatally injured.

Sperry, McCann, Kuchsdorf, Ware and Kennedy were all injured in San Francisco Saturday night when a transfer truck collided with a cable car on Jones street near Sutter.

Young Warrick was injured when he jumped from an automobile truck and was struck by an automobile driven by W. Nelson, 308 Twelfth street, Oakland, on Alameda avenue, San Jose, yesterday. He was picked up by Nelson and taken to the East Columbia hospital, where it was reported that he was seriously injured. He was visiting relatives in San Jose.

Golden was slightly injured yesterday afternoon when his automobile was struck by a San Mateo street car on the Saturday. Ramsey was hurt at the entrance to the Salem cemetery, two miles south of Colma. He suffered severe cuts over the left eye and bruises and his machine was badly damaged.

Crashing head on into a truck on the San Pablo highway on his way from attending a high school football game on the Saturday, Ramsey was hurled from his motorcycle, receiving injuries that may prove fatal. Ramsey swerved to the left to pass the automobile, but did not see the truck.

Markussen and Mark were hurt when their automobile collided with a taxi driven by Guido Consiglio, 1014 Broadway, San Francisco, last night. The taxi driver was arrested for reckless driving. Markussen's machine careened over the curb and crashed into the glass window of a laundry.

Alleged Slayer Dies In Dash for Liberty RIVERSIDE, Oct. 17.—A negro, said to be Charles Adams, wanted in Louisiana for the alleged murder of his wife, was shot and killed at Blythe, Riverside county, yesterday while attempting to escape after his arrest by City Marshal Le Barron of Blythe, according to advices reaching the sheriff's office here. It was reported that while being taken to jail by Marshal Le Barron, the prisoner jumped from the officer's automobile when informed of the charge against him. Le Barron and other officers opened fire and the negro fell dead.

Blue Nose Again Wins Canada Yacht Trial HALIFAX, N. S., Oct. 17.—The Blue Nose today won the second race to determine the champion of Canadian fishing schooners, which will race the Gloucester, Mass., schooner Elsie next Saturday for the International trophy.

Fills Vacancy

GEORGE POSEY, appointed county engineer by the supervisors.

POSEY CHOSEN BY SUPERVISORS AS COUNTY SURVEYOR

Members of Board Say Policy Will Be to Elevate Chief Deputies.

A new policy in filling vacancies in county offices was announced today by the board of supervisors in the appointment of George Posey, former deputy county surveyor, to the position of county surveyor and successor to the late Perry A. Haviland.

In the future, chief deputies will be elevated to the head of the department in case the position is vacated, according to members of the board. Business efficiency and not politics will govern future appointments.

This policy has been followed in the last three appointments made. Supervisor John F. Mullins outlined the new policy in his speech, nominating Posey. Mullins said:

"In looking about us we find the roads in Alameda county second to none in this great state. We find our bridges built of everlasting material and construction. We locate along our great estuary marked improvements and the great bascule bridge everything but a fact to meet the great estuary problems of the future."

These have been constructed at a cost of several millions of dollars in a businesslike, economical and efficient manner without scandal or condemnation of any kind. It is therefore both right and just when filling this vacancy to honor him whose every endeavor was bent to his superior. Posey has attended our meetings and conferences and we have learned of his ability, honesty and integrity. I have no hesitancy, therefore, in stating my belief that Posey will ably and conscientiously fulfill the duties."

Governments of Dominions Plan Big Pacific Navy

(By International News Service)

LONDON, Oct. 17.—In the event the Washington conference on armaments and far Eastern questions fail, the dominion governments have agreed to establish a powerful navy in the Pacific with Singapore as its base, the Daily Express announced today. Singapore is at the southern extremity of the Malay peninsula.

YEGGMEN ROLL SAFE INTO ROOM, THEN CRACK IT

SAN FRANCISCO, Oct. 17.—Expert cracksmen with modern tools and evidently a world of experience drilled the safe of Gaffney & Lacey, butchers, in the Daylight Market, 1031 Market street, early today, but obtained only \$45. The yeggs gained entrance without difficulty. They climbed over the transom in the rear.

Realizing that they could not blow open the safe, with passing pedestrians likely to observe them, they removed it to a dressing room where, certain of no interference, they carefully drilled holes around the combination and blew it open. In leaving they forgot a rope hanging from the transom and this was found at 3:30 a. m. by a passing patrolman. The identification bureau took fingerprints of the safe in the hope of identifying the cracksmen.

Nightingale's Trial Set for November 7

Charles Nightingale, Oakland policeman, charged with the murder of Giuseppe Suppo, will be brought to trial on November 7. Superior Judge Church today set that date for the trial at the request of Deputy District Attorney Warren and Peter Crosby, attorney for Nightingale.

Nightingale's case was set for trial today, but because Crosby is occupied with the suit to set aside the will of Thomas B. Rieley, the court permitted the Nightingale trial to be postponed.

These have been constructed at a cost of several millions of dollars in a businesslike, economical and efficient manner without scandal or condemnation of any kind. It is therefore both right and just when filling this vacancy to honor him whose every endeavor was bent to his superior. Posey has attended our meetings and conferences and we have learned of his ability, honesty and integrity. I have no hesitancy, therefore, in stating my belief that Posey will ably and conscientiously fulfill the duties."

Governments of Dominions Plan Big Pacific Navy

(By International News Service)

LONDON, Oct. 17.—In the event the Washington conference on armaments and far Eastern questions fail, the dominion governments have agreed to establish a powerful navy in the Pacific with Singapore as its base, the Daily Express announced today. Singapore is at the southern extremity of the Malay peninsula.

YEGGMEN ROLL SAFE INTO ROOM, THEN CRACK IT

SAN FRANCISCO, Oct. 17.—Expert cracksmen with modern tools and evidently a world of experience drilled the safe of Gaffney & Lacey, butchers, in the Daylight Market, 1031 Market street, early today, but obtained only \$45. The yeggs gained entrance without difficulty. They climbed over the transom in the rear.

Realizing that they could not blow open the safe, with passing pedestrians likely to observe them, they removed it to a dressing room where, certain of no interference, they carefully drilled holes around the combination and blew it open. In leaving they forgot a rope hanging from the transom and this was found at 3:30 a. m. by a passing patrolman. The identification bureau took fingerprints of the safe in the hope of identifying the cracksmen.

Nightingale's Trial Set for November 7

Charles Nightingale, Oakland policeman, charged with the murder of Giuseppe Suppo, will be brought to trial on November 7. Superior Judge Church today set that date for the trial at the request of Deputy District Attorney Warren and Peter Crosby, attorney for Nightingale.

Nightingale's case was set for trial today, but because Crosby is occupied with the suit to set aside the will of Thomas B. Rieley, the court permitted the Nightingale trial to be postponed.

Blue Nose Again Wins Canada Yacht Trial

HALIFAX, N. S., Oct. 17.—The Blue Nose today won the second race to determine the champion of Canadian fishing schooners, which will race the Gloucester, Mass., schooner Elsie next Saturday for the International trophy.

GEORGE POSEY, appointed county engineer by the supervisors.

POSEY CHOSEN BY SUPERVISORS AS COUNTY SURVEYOR

Members of Board Say Policy Will Be to Elevate Chief Deputies.

A new policy in filling vacancies in county offices was announced today by the board of supervisors in the appointment of George Posey, former deputy county surveyor, to the position of county surveyor and successor to the late Perry A. Haviland.

In the future, chief deputies will be elevated to the head of the department in case the position is vacated, according to members of the board. Business efficiency and not politics will govern future appointments.

This policy has been followed in the last three appointments made. Supervisor John F. Mullins outlined the new policy in his speech, nominating Posey. Mullins said:

"In looking about us we find the roads in Alameda county second to none in this great state. We find our bridges built of everlasting material and construction. We locate along our great estuary marked improvements and the great bascule bridge everything but a fact to meet the great estuary problems of the future."

These have been constructed at a cost of several millions of dollars in a businesslike, economical and efficient manner without scandal or condemnation of any kind. It is therefore both right and just when filling this vacancy to honor him whose every endeavor was bent to his superior. Posey has attended our meetings and conferences and we have learned of his ability, honesty and integrity.
